

By Phat

When this column a year and a half ago innocently called attention to the fact that while there are hundreds of Pomonas and so on, there is only one Palm Springs and it should be kept that way, it started something. The gist of the remark was that the Village shouldn't lose its Western air—and the Los Compadres club took it up. Now we have that gala Western Week. Well, let's toss this one into the lap of the Chamber of Commerce—Easterners always associate the West with Indians—how about an Indian Fiesta as a great drawing card and entertainment? Will probably get called on that one by those who think the town is full enough now.

THE VILLAGE—Other night when Jack Benny dropped into the Dunes, Fred Witmer swung into "Love in Bloom" and Ruby ran for his violin, which he hadn't used for a while. He found that crickets or something had eaten off all but one string... that should have been enough for Benny... Anyway, the crickets were modest—they at least left the G string... Harry Peel of the Royal Snack Shop, is entertaining a lot of celebrities, too, at the Seafood bar in the Rolly Room. Among those going after oysters was Paul Lukas—and a lot of others... It's a good thing for the Seafood bar that, with the exception of May, all of the other months in the season contain an "R".

MEMORY—Little Bear, well-known Village cowgirl, Armistice Day made her tenth annual visit to the cemetery to place flowers on the grave of Cliff Frager, who died as result of wounds in World War I. Frager was known as the Lone Cowboy, and was formerly with the Desert Inn... Villager who had accidentally acquired a black eye, got tired of explaining to ribbing friends and answered all queries: "I got it just the way you think I did." That stopped them... One of the most frequent topics of long distance calls and letters to Villagers is: "Think you can fix it up to get me a place to stay for a few days down there?"

MUSIC—Bob Hull was back in town this week. Reminds that of the three songs he predicted as No. 1 Hit Tunes three months ago, one is now on top "It's Been a Long, Long Time," and another "That's for Me," is fourth. I'm giving him a couple of weeks more for the third, "It Might as Well Be Spring" to get on up... Mrs. G's "I'll Buy That Dream" is second. Was first. She is with me on my latest pick, not yet on the parade. We both think "I'm Waiting for the Train to Come in" is going to be a top one... Speaking of music, I've been plugging Guy Lombardo for a long time, much to the disgust of my young friends. But in the past year two big national picture him a boost and this week Al Ligier called my attention to a long article about Lombardo in Time.

ODDS AND ENDS—Maybe the words didn't fit but the title did. The other night when the mayor and his wife were dining at Mr. Dee's, Shaffer of Kelly and Shaffer, dedicated a song to His Honor. It was "A Good Man is Hard to Find"... Carl Haymon is back for the season from Tacoma and is full of plans for getting some big name golfers to play the O'Donnell course after the Los Angeles Open in spring... The Village is now the home of a former U.S.C. athletic star—Cliff Halstead, who with Frederick Renker is managing the Palm Springs Tennis club... He was on some of Dean Cromwell's great track team as a distance man and also played quite a bit of football for Howard Jones. He is teaching swimming at the club along with his other duties. Renker, who taught many ranking tennis players, is taking care of the court play there.

THE MAIL—Most of the letters received by The Sun this week come from discharged soldiers, formerly here, who thanked us for sending them the paper while away. From the text of the letters, all of them want to come here to live... "Dear Editor—Something should be done right now to see that Sonny Wise-carver doesn't come to Palm Springs." That one was signed "Worried Husband"... "Why don't they change the name of either Cahuilla road or Kaweah road? They're pronounced the same and confused me the other day" writes another... "Dale Easton, formerly at the Racquet club, is now featured in the picture, 'The Great John L.' Did you know that?" queries a Villager... "Did you hear Jimmy McHugh give Fred Witmer of Palm Springs a boost in a national broadcast this week?" is another. Missed that one.

AND FINALLY—Best radio cracks heard recently—Bob Hope says that Palm Springs got its name because every time you go down the street, a bell blows springs at you with his palm open... Phil Harris on the Jack Benny program, defined a rum flip thus: The egg gives you strength, the sugar gives you energy and the rum gives you ideas what to do with both.

Seven-Man Tram Board Completed

Board to Meet
Near Nov. 28
to Organize

The Mt. San Jacinto Winter Park Authority was completed this week when Gov. Earl Warren announced the names of the three men he had appointed to complete the Seven-man committee which will control the great playground project.

Under the measure, introduced in the state legislature by Assemblyman Philip Boyd of the Village, and passed by both houses and signed by the governor, the city of Palm Springs was designated to name two men, the county board of supervisors, two men, and the governor, three men, to make up the seven-man board.

BOARD IS COMPLETE

The city named Earl Coffman and John R. E. Chaffey on the board, supervisors named James G. Nussbaum of Idyllwild, and V. W. Grubbs of Riverside, and yesterday Gov. Warren appointed Harold English, prominent Los Angeles engineer and a winter resident of the Village, Leonard Firestone of the Firestone Tire and Rubber company of Los Angeles, and John F. McKenzie, of Inglewood, manager of the Hollywood Park race track.

Earl Coffman, member of the authority and co-manager of the Desert Inn, said today that he plans to invite the complete authority to the Inn for an organization meeting. The tentative date for this session is November 28. He expressed high gratification over the caliber of the men selected by Gov. Warren, and saw early and efficient action on start of the great project—an ambition of the Village for the past 10 years.

The board faces a tremendous responsibility—acquisition of rights-of-way, hiring of engineers, issuance of revenue bonds, and awards of construction bids. The tramway, from Chino Canyon to the Mt. Jacinto winter playgrounds, will be the longest in the world, and will transport Villagers, winter residents and visitors from the desert sports to winter playgrounds in 22 minutes from the heart of town—10 minutes auto ride to the desert station and 12 minutes up the steep mountain side to the snow sports.

Local Employee Killed in Crash

Gordon A. Beman, discharged marine of Los Angeles, employed for three months this past summer at the Desert Produce Co., and scheduled to return for employment with that concern Wednesday morning, was killed Wednesday evening when the car he was driving left the road four miles east of Brawley. Verta A. Chrystal, passenger in the automobile, was also reported killed by the El Centro police who were at the scene of the accident. According to Angelo Potenza, proprietor of the produce company, Beman had stopped at his place of business and introduced him to Miss Chrystal and a man, saying he was transporting the two to Yuma, where the couple planned to marry. El Centro police reports made no mention of the third party.

Mystery of Two Stolen Cars Solved—Just Case Of Mistaken Identity

It all started when A. D. Higgins of the La Siesta Bungalows, obtained permission from his friend, Mary Fields, for the use of the latter's Oldsmobile coupe for a trip to The Plaza.

Just a simple little event between friends, but oh, what a headache it caused some people—particularly the local police department.

IT'S INVOLVED

The scene now shifts to the Plaza and finds Police Officer Bob Hannum going about his routine business of marking cars. His report:

"At 11:15 a. m. A. D. Higgins stopped me on the street and reported that an Oldsmobile coupe, which he borrowed from his pal, Marty Fields, had disappeared from in front of Desmond's. And

Youths Will Fill Skies With Planes

Duck! Model planes are going to fill the air in Palm Springs soon. Frank Partridge, chairman of Youth Activity committee of the Lions club, said that the Red Cross had turned over 10,000 model airplane kits to the Boys' club.

Status of Local Airport Cleared by Col. Cofer

Additional information on the operation of private airplanes at Palm Springs Army Air Field was made public this week by Lt. Col. Floyd S. Cofer, Jr., commanding officer of the field.

Col. Cofer emphasized that the field is open only to privately owned aircraft not operated for profit. Chartered aircraft are not allowed to land at the field to pick up or discharge passengers or cargo. Neither is student instruction permitted.

MUST HAVE RADIO

Col. Cofer also announced that, effective at once, all civilian aircraft using the field must be equipped with an operable radio receiver, capable of receiving signals on the Palm Springs tower frequency of 278 kilocycles.

The radio requirement, and other safety restrictions on the operation of privately owned aircraft at the field, are temporary, Col. Cofer said. They are made necessary by the large number of transport aircraft landing at Palm Springs with loads of overseas veterans, plus the normal volume of transient ferried aircraft.

At present, Col. Cofer stated, the City of Palm Springs has applied to the War Department for a license covering the use of the field by privately owned civilian aircraft not operated for profit. Under the license agreement, the city will bear a proportionate share of the cost of maintaining the runways and other facilities at the field.

MAY QUIT TOWER

Another situation arising out of the operation of the field, was the probable abandonment of the traffic control tower by both the army and the Civilian Aeronautical Authority.

It was learned that the C.A.A. whose personnel now operates the control tower, will run out of allocated army funds December 31, used in paying the salaries of these operators. However, the regional office of that organization at Santa Monica, reported that it expects funds will be appropriated by Congress in time to continue the operation of the tower.

UNDER STUDY

According to information obtained at Santa Monica, the city would be forced to continue the operation of the tower if airline passenger service to Palm Springs was to continue.

"This new situation will be (Please Turn to Page Four)

War Bond Drive Hits Fast Pace

Village Passes Half-Way Mark In Victory Loan

Tom Holland was all smiles and full of self assurance, when he surveyed the results of the Victory Bond campaign yesterday.

The picture, which resolved itself into dollar and cent sales of Victory bonds, showed a total of \$174,861.50 as compared to Palm Springs' quota of \$281,168, leaving a balance of \$105,707 yet to be sold. Official time for the expiration of the campaign is December 8.

"I am fully confident now," declared Mr. Holland, chairman in charge of the bond drive, "that Palm Springs will not only attain its quota but will pass it."

The only dark cloud on the horizon, in Mr. Holland's opinion, was the lagging sales of E bonds. The quota for the Village in the sale of bonds in this category is \$122,168.

"These bonds are the best buy among the bonds being offered, paying the largest return," he said. "People with large sums of money to invest are only allowed to purchase \$5,000 worth of E bonds during any one year, or a maximum of \$20,000 for any family group."

The largest purchaser of bonds to date in the current drive, and which brought the attainment of the Palm Springs quota into sight was Mr. Abe Adelman, local businessman, in the purchase by him of \$110,000 in bonds.

Dust Gets Into Council's Eyes

Dust, rising in clouds along Indian avenue since the recent road repair job, got into city councilmen's eyes Wednesday night.

It was tossed there by Mrs. John R. E. Chaffey, who came to protest, declaring that the clouds of dust were detrimental to health of residents in the area.

P. M. Swart, deputy city engineer, told council that the gravel used in seal-coating the street, had been pulverized by the rollers and that watering the streets would be only a temporary measure and would probably undo the complete improvement. He said that in a short time the situation would remedy itself.

Council finally voted to put the problem in the lap of the city manager for study and solution.

Chamber Office Set-up Changed

A shake-up hit the staff of the Chamber of Commerce office this week when Miss Ruth Jones tendered her resignation following dismissal of Mrs. Ruth Connolly.

Miss Jones, who was acting secretary of the Chamber this summer and chief aide to Secretary Harry C. Harper after he arrived, gave as her reasons, remote control of the Chamber office from the Plaza.

"I have worked beautifully with every member and director with the exception of our president," she wrote.

At a meeting of the executive board of the chamber, the resignation was accepted, the board upholding Robert Ransom, president of the Chamber.

Grocery Stores Set New Hours

Upon recommendation of the Retail Merchants committee of the Chamber of Commerce, five grocery stores in the Village this week agreed on new and changed hours of service to the public.

The stores will open at 9 a. m. hereafter and remain open until 6 p. m.

Stores agreed to the new hours are DeVine's Market, Hatchett's Market, Sam and Leo's Sale's and the Safeway.

Mr. and Mrs. Haymond Return to Village

Mr. and Mrs. Carl Haymond, prominent winter residents, have returned to their home here for the season. Mr. Haymond is owner of Radio Station KMO at Tacoma, Wash.

He is also an expert golfer and an official in the O'Donnell Golf club here. He looks for one of the biggest seasons in the history of the course.

Volunteers for Canteen Work Still Needed

An urgent call is being sounded by the local branch of the American Red Cross for workers to man the Canteen Service at the Army Air Base in Palm Springs.

With Harold West, chairman in charge, members of the board of directors of the local Red Cross, in meeting Wednesday at the El Centro, Desert Inn, heard the urgent plea for workers at the Canteen. Any person who can assist in this very vital service to returning servicemen is asked to contact Mrs. Irving Snyder, telephone 8576, or to call the Red Cross at 4301, leaving their name, telephone number and address.

Planes are rapidly returning military personnel from the Pacific and other theatres of war, either to their homes or to destinations in the United States. Short-interval landings are made here and refreshments are provided by the Red Cross as a gesture of greeting.

The particular need at the moment is for the enlistment of workers for the Canteen Service on the shifts from 12:00 midnight to 4:00 a. m. and from 4:00 a. m. to 8:00 a. m. To date, a large

Greyhound Adds New Bus Service

R. R. Dunlap, local representative of the Greyhound bus service announced today that another westbound bus had been added to the local schedule.

This bus leaves here at 11:25 a. m. and arrives in Los Angeles at 3:15 p. m.

Buses for Los Angeles now leave here at 5:38, 9:38, 11:25 a. m., and 1:23, 5:00 and 8:18 p. m.

Despite the lifting of gas line rationing, the new fast service of the Pacific Greyhound is jamming every bus leaving here.

Mrs. Coffman Starts Legion Memorial Fund

The campaign to raise \$75,000 for a World Wars' Memorial Building in Palm Springs got off to a good start with the announcement of a gift of \$5,000 from Mrs. Nellie Coffman, founder of the Desert Inn.

Highly encouraged by this large starting contribution, were the officers of Owen B. Coffman Post, No. 519, of the American Legion, whose members officially started the community-wide drive for funds as a part of the Armistice Day Exercises last Sunday afternoon at the Desert Inn grounds.

In making known Mrs. Coffman's donation, Gordon Feehings general chairman of the Legion Building Fund Campaign, said "We feel certain everyone in Palm Springs deserves to have the news of this generous contribution in advance of our first public report of progress scheduled for next Tuesday. With this practical and convincing evidence of Mrs. Coffman's whole-hearted approval and support of this deserving community undertaking, we feel that our campaign is already well on its way to success."

"Since the earliest days of Palm Springs, as a community," Feehings remarked, "Mrs. Coffman has not only worked ardently for but has given substantial financial support to all projects she believed would serve the community as a whole and tend to make Palm Springs a more

Village Time Put Up to Committee

The question of 'Village Time,' the Palm Springs version of daylight saving, came before city council Wednesday night.

It was referred to the committee on Boards and Commissions for study on suggestion of Mayor E. E. Theriault.

Speedy action by Western Airline officials this week put Palm Springs back on the air map after an unforeseen obstacle Monday threatened to halt the plan of the company to link the Village and Los Angeles by air.

Service, originally scheduled to start yesterday on a circle route from Los Angeles, via Palm Springs, El Centro, San Diego and Long Beach, back to Los Angeles, hit a snag Monday when it developed that the navy could not relinquish its El Centro field to allow planes to land. With no field available, the circle route had to be cancelled.

PERMIT GRANTED

Officials of the Western Airlines got in touch with CAA officials in Washington immediately and sought permission for a shuttle service linking Palm Springs and Los Angeles. Permission for this service came through late Wednesday night.

So tonight at 5:07 p. m. the first plane will land from Los Angeles. It will take off for Los Angeles at 5:45 p. m.

William Orin, local traffic manager for the line, gave out the schedule as follows:

Leave Los Angeles 4:10 p. m., arrive here at 5:07. Leave the Village at 5:45 p. m., arrive Los Angeles at 6:38 p. m.

TO SAN FRANCISCO

The local planes will connect directly with planes for San Francisco at Burbank. On the southbound trip it will be possible for San Franciscans to come to the Village sunshine in three hours after leaving the bay area fog. Northbound, passengers will have time enough for dinner at the Los Angeles airport before boarding a plane for San Francisco at 8 o'clock, arriving there at 10 p. m. After Dec. 1, San Francisco planes will leave at 7 p. m.

The Western Airlines publicity men in San Francisco are making quite a play of the fast time from that area to Palm Springs and the city is deriving much publicity from the new schedule.

POSTPONE CEREMONIES

The ceremonies planned at the airport for yesterday under the original program have been postponed. Mr. Orin said that they will be held when the El Centro field is available and the circle route is started.

Local ticket offices for the Western Airlines will be at 107 North Palm Canyon drive. The new service, starting today, will give Villagers airmail and air express contact with Los Angeles as well as passenger service.

Mail That Letter Before 8 Hereafter

Postmaster R. M. Gorham this week announced that the closing time for the last mail of the day, now at 8:30 p. m., will be set forward to 8 p. m., starting Nov. 20, next Tuesday.

The 8 o'clock closing affects mail going both east and west.

War Chest Still Short By \$4200

The War Chest campaign committee staggering under a "do or die" motto in an effort to reach the goal of \$21,805 set for Palm Springs, reported it had collected in cash and pledges within \$4200 of the quota.

"The last mile is usually the longest," reported Mr. C. G. Lykken, "and we hope the citizens of Palm Springs won't let up in their efforts to help us."

He asked that contributions be sent in by mail by those who wish to donate money because there is not sufficient workers aiding in the drive to personally solicit everybody.

"I know there are a lot of people who would like to make a donation and I am asking those people to send their contributions in by mail."

The address is 311 S. Palm Canyon Drive, and the telephone number is 5033.

ADVERTISING IS another form OF bragging— A boasting where YOU don't have to EXCUSE yourself AND no one seems TO take offense. NOW we've always said THAT bragging is boasting ABOUT something YOU haven't got— BUT boasting is bragging ABOUT something you have.

SO we are going to BOAST about FULTON'S AND a little boasting too. FIRST of all— THE things we sell AND the way we sell ARE different— WE try to buy materials AND have things made for us THAT you can't buy elsewhere UNLESS of course THE other fellow gets smart too

(GET that "smart too" idea).

EVEN so we strive to stay ahead,

AND so far OUR customers say we have.

THEN too— YOU buy IN a different atmosphere— AND a homey one WHERE you feel at ease AND confident IN the fact that HERE is the essence OF making THE customer feel HE has reached his goal FOR his wants and needs IN men's and women's FINE apparel FOR leisure wear.

Children's Books Subject at First Guidance Session

"What can we do to further interest in good books?" was the topic for discussion at the first meeting of the parents' workshop conducted Tuesday morning in the Desert School District office, under leadership of Mrs. Yula Moore, head of the Guidance department.

The question of the comic books was discussed. "Children read the comics because they want to see exciting episodes in pictures," it was brought out. "Adults sometimes lose a sense of proportion where comics are concerned and often damage their own position by demanding a purity of taste in children that few adults themselves have," was another point suggested. The conclusion was there are many books on the market that can be used in place of comics if parents take the time to find them and have them where the children can find them.

Book lists were discussed. For the meeting next Tuesday, November 20, the topic will be, "How can we plan a well rounded reading program for our children?"

Any adult interested is cordially invited. The material is planned for those interested in children from kindergarten through the eighth grade. The class meets from 10 to 11 a.m., each Tuesday, in the Guidance department of the Desert School District office, 538 North Palm Canyon drive.

Can We Leave It To George?

By MELBA BENNETT

The acquisition of the Torney Hospital buildings and property is a project vitally interesting to every citizen in this Village. If it is practical to finance this project it will be possible to take advantage of the low government price to acquire buildings and ground necessary for our greatly needed City Hall (which would cost in the neighborhood of \$100,000.00), a Youth Center, houses for our Boy Scouts and Girl Scouts, a Community Swimming Pool, Community Tennis Courts, housing facilities for our city employees and our teachers, Building and Equipment for our Community Hospital (equipment that we would be many years in acquiring), Chamber of Commerce quarters, etc. To say nothing of the well-established trees and shrubs for our City Park.

It will, of course, be necessary to weigh the cost and maintenance of such buildings through private purchase, against the cost through Government purchase. It will be necessary to determine if, through the sale of the front properties between Indian Avenue and Palm Canyon Drive, enough monies could be raised to assist in maintenance. Yes, it will take careful investigation.

QUESTIONS ATTITUDE

Our Councilmen, in rejecting the voluntary offer of assistance from a Citizen's Committee composed of a group of men interested only in the good of the Village, a committee willing to devote the necessary full time for the next two months to the composing of a recommendation to the City, have assumed a responsibility that I do not believe they can discharge thoroughly or conscientiously. Any other council in the country would have appealed to the Citizens to form such a committee—would recognize the need for such a committee. Are our Councilmen so omniscient, so unlimited and unhampered by personal responsibilities that they can give full time to the study of this problem that they need neither ask for nor accept such assistance?

We Villagers are now well aware that we have a "divided Council". In times past our Councilmen have been singularly free from pressure from "outside in-

terests". Now Palm Springs has become a plum that many would squeeze for its juice. It will take strong men to ignore these outside interests, forget their personal interests and serve the Village impersonally, with large vision. Do we have such men on our Council? Or rather, do we have enough of such men? The consistent 4 to 3 vote is ominous and it would be well for us to investigate the record of our Councilmen. Do you know how your Councilman is voting? You elected him, you gave him the privilege of representing your opinions. Do you know whether he is representing your interests, his own interests, or the interests of the Village as a whole?

APPEALS FOR UNIT

Let's be one Village that does not leave the management and the decisions of our town entirely up to "George". Let the Georges be aware that they are our representatives and our voice, but let them also be aware that we retain the privilege of telling them how to keep our Village unique, how to plan for its future. Let's make a Town Hall of our Council Meetings. Let's all go and observe, criticize and approve.

I do not like the significance of the Council's rejection of the Citizen's Investigating Committee and I suggest that our Chamber of Commerce, who have been invited to give an opinion, form a Committee composed of the different interests who would want to take advantage of the buildings and lands offered to this community by the government. Let this Committee be prepared, should the council again be split on the issue, to acquire this property should it seem in the best interests of the community. It is an opportunity that we will never have again. Let us have vision and courage, and faith in our future.

What Goes On in Rancho Mirage

Dr. and Mrs. David Lindauer, he the w.k. specialist of internal medicine of North Hollywood, have selected the one remaining homestead in the upper tier on Sahara Road and will build a desert retreat—the line for contractors will form on the right.

Herb Foster is one contractor who is going at it and already has the foundation in for a new house for Dave Culver and Major Ronald Button.

Mrs. Levering Moore, chairman of the Women's section of the Episcopal Deanery of San Bernardino and Riverside counties, presided over their meeting in All Saints church, Riverside on Monday in connection with the fall meeting of Convocation.

Don Clancy, just released from his army service and now at U.S.C., week-ended with his parents, the L. M. Clancys.

Paul Kirsten is having a respite from his development work on his extensive ranch in the Rancho del Sol and combining business with it in Los Angeles.

Mr. and Mrs. Paul Elmquist of Santa Anita Oaks and Mr. and Mrs. "Bix" Bixby of Long Beach were week-end guests of David Culver on Sahara Road.

Mrs. Georgia Bayley and Miss Edna of Los Angeles spent the Armistice holidays with Mrs. Lola Ree Hull.

The J. E. Waldens had with them over the week-end their son and daughter, Mr. and Mrs. H. W. Duncan and grandson Harold, down from Los Angeles at their Ranchita del Sol.

Don Maher has purchased from Glen Gurley the twenty acre ranch which he has been developing. Glen and his wife have taken a new home in La Quinta, he figured that his new Buick agency would require all his time.

The Dean Vincents are going to arrive at their El Ranchita for Thanksgiving. Dean coming from New York where he had been in attendance on the convention of the Mortgage Bankers Association of America.

Mr. and Mrs. Hank North and daughter of Santa Monica were week-end guests of the E. E. McIntyre ranch in Rancho del Sol en route to Santa Fe, New Mexico.

Looking for a site for a new church came the Reverend J. Robertson Macartney. Don Cameron says he wanted him to be an elder.

George, son of Frank and Alma Morgan came in to open the Morgan establishment prior to the parents' arrival at Thanksgiving. The Jack Foxes off for a week's visit to Los Angeles.

The Lyle Harpers were so enthused with Rancho Mirage that they bought a business lot and plan at once to build a store to supply the urgent needs of the community.

Off to Los Angeles to confer with Major Ronald Button new co-owner of the tract went Don Cameron. They plan to buy a bulldozer, motor grader and all forms of road equipment.

Henry Gogerty came in by plane to look over his new airport, now in operation and stayed over the week-end at his ranch near by.

J. A. Odell who went to the Altadena hospital is recuperating at his home on Sahara Road.

Tommy, aged 6, was having dinner with his uncle and aunt and had refused a second piece of strawberry shortcake.

"You seem to be suffering from loss of appetite," said his aunt. "It ain't loss of appetite," he replied. "What I'm suffering from is politeness."—The Block Buster.

Carl Derbonne Back in Village

Carl Derbonne is back at the Rainbow Room of the Royal Palms, glad to be in the Palm Springs sunshine after 22½ months in the Aleutians with Uncle Sam's Army.

The Villager, employed at the Royal Palms before going into the service, went into the Army on May 25, 1942, and served until October 25, 1945, three years and five months.

He was discharged at Fort MacArthur and returned to the village and his former post.

Charles Henderson To Be Home Soon

Charles Henderson, manager of Sunshine Court, who underwent an operation at Loma Linda three weeks ago, is making rapid progress toward complete recovery and expects to be home again within a week or ten days.

Mrs. Henderson has been holding down the job at Sunshine Court during his absence.

If you persist in driving with your mind in the clouds you are due to find a permanent home there.

Mrs. Peggy Adams, who is registered at The Desert Inn for an extended visit, entertained as her guests at luncheon Tuesday, Mr. and Mrs. Harry Batchelor, Mrs. Grace Hull, Mr. Thomas O. Peirce, Mr. George C. Stetter and Mr. and Mrs. A. Oviatt.

Western Dress Prevails Sunday At La Paz Ranch

Western dress was the fashion at La Paz Guest Ranch Sunday evening when a group of Villagers joined the ranch guests for an evening of old-time dancing on the spacious tennis court, which was softly lighted to give a moonlight effect for certain dances.

Preceding the out-door gaiety a group of near 150 arrived in time to partake of the Smorgasbord supper served in the ranch dining room. Al Jolson entertained a party of ten, and at a nearby table was Olivia DeHavilland, who is staying at the ranch with a group of friends. She had five at her table that evening. Also in her party were Mr. and Mrs. Lazzlo, she being Miss Flegli, the fashion designer in Hollywood.

LOS COMPADRES PARTY

A large party of Los Compadres members chose to dine outdoors at a candle lighted table set in the patio between the main building and the dining room. Elmo Purnel, recent president, sat at the head of the table, which included also Mrs. Purnel, Mr. and Mrs. "Hutch" Moseley, Mr. and Mrs. Charles Potts, Mr. and Mrs. Ernie Andrade, and Mr. and Mrs. Joe Allard. Dropping in later to join in the dancing of the Virginia reel and the always popular and graceful steps of valsuviana were Mr. and Mrs. Wall Spalding, Mr. and Mrs. Homer Wise and Ted Reed.

Others in the festivities were Dr. and Mrs. Henry S. Reid, Mr. and Mrs. John E. Ballard, Mrs. Wesley Richards had as her guests Mrs. Noble Banks and Mrs. Hobbs, who is visiting from Pasadena.

FROM SAN FRANCISCO

Relaxing by the pool at La Paz early this week were Harry Camp, noted San Francisco business man who until recently has been serving in Washington with Donald Nelson. Mr. Camp was one of the first executives taken

MARRIED—Mrs. Leo Cournoyer, former resident of Palm Springs, bride of air corps officer following romance which started when he was stationed at air base here.

Air Base Romance Culminates in Mid-West Wedding

Miss Constance Fatino, sister of Mrs. Victor Cavalier of the Village, became the bride of Leo Cournoyer, lieutenant in the army air corps, at a ceremony in St. Louis last week.

The ceremony culminated a romance which began here when the lieutenant was stationed at the local air base. Miss Fatino was a resident of Palm Springs for four years and her husband was stationed at the air base here where they met.

Following a honeymoon trip, the newly-weds are now living in Kansas City.

Both are well known in Palm Springs.

Saturday Night Dancing Club Now Under Way

Roy Randolph, local dancing instructor, announced this week that the Palm Springs Women's club had been obtained for Saturday night dances for youngsters of high school age and that the dancing club would meet each Saturday night from 7:30 p.m. until 11 p.m.

Many youngsters have already signed up for the event. Among the first to join in the new Saturday evening dancing party were John Wilson, John Klug, Bob Dart, Dick Moseley, John Pender, Bill Oakman, Don Reed, Barbara Jones, Betty Wright, Clara June Lyler, Elaine Naish, Ann Oliver, Dague Nordholm, Nicky Nichols, Ben and Bill Chaffey, Joy Flavin, Barry Miller, and Dewey Metzendorf.

More than 50,000,000 pairs, or about one of every five pairs of nonrubber boots, shoes and slippers made in the United States in the first half of 1945 were made in New York State.

to the capital in the early months of the war. His son, Lt. Harry Camp, Jr., recently returned from many months overseas in the air corps, accompanied his father to Palm Springs for the holiday on the desert.

Tennis Club Goes Into Mid-Season Form This Week

Under guidance of Cliff Halstead and Frederick Renker, co-managers, and with Mr. and Mrs. Austin G. McManus, owners, as general hosts, the Palm Springs Tennis club, noted all over the nation, opened for the season last week. And this week the club was in mid-season form with many of the regular patrons back and many new members enjoying the perfect facilities.

As evidence of the great activity, here's what the reporter noted at the Tennis club this week:

Mrs. F. F. Scowden, wife of Major General F. F. Scowden, who is still serving in the Philippines, recently joined the club and is enjoying the activities there. Mrs. Scowden plans to winter in Palm Springs, so will probably be seen at the club often during the season.

HOME AGAIN

Dr. and Mrs. Henry S. Reid are home from their summer in Colorado and enjoyed a fine buffet supper and "Bingo" game at the club last week. Dr. and Mrs. Macartney were spectators at a thrilling tennis match between Morey Lewis, Canadian champion, and Frederick Renker, tennis professional at the club. Eleanor Hoffman and Mr. and Mrs. John MacVeagh, associated with Town and Country, visited the club to gather material for an article for their well-known magazine.

Mrs. Harold Bell Wright has been entertaining guests at the club during the past week.

Mr. and Mrs. E. W. Kettering of Chicago have spent many pleasant afternoons at the Tennis club enjoying tennis and swimming. Joining the Ketterings in the activities were another prominent eastern couple, Mr. and Mrs. Elton MacDonald. Mr. and Mrs. Kettering entertained with a farewell dinner before leaving Palm Springs for a short while and had as their guests, Mrs. Ruth MacDonald, Cliff Halstead, co-manager of the club, and Mrs. Halstead, and Judy Wright, secretary of the club.

FROM FAR AND NEAR

Mr. and Mrs. H. L. Johannes of Los Angeles were also enjoying the Tennis club recently, as also was Miss Gloria Lloyd. Mr. and Mrs. Robert Marcato have been seen at the club during the past few weeks and have entertained Mrs. Marcato's mother, Mrs. Ralph Huesman. Mr. and Mrs. Charles J. Mathews were seen having supper at the Tennis club with friends. Mr. and Mrs. Earl Cordrey have been entertaining guests at the club during the past weeks.

Cliff Henderson, nationally known sports magnate, and J. Carroll Naish played an exciting game of doubles with Morey Lewis and Frederick Renker. Ralph Sentney of Beverly Hills was enjoying cocktails in the lounge last week.

Visitors from San Francisco have been Mrs. Kay Thiell and Mrs. J. Bourne. Mrs. R. F. Ball of Pennsylvania was also a guest recently. Miss Juanita and Miss Kay Noble from Oakland have been entertaining guests at the club during the past few days.

Mrs. Williams Luncheon Hostess

When Mrs. John Williams presided at a luncheon party for a group of her Village friends last Thursday, she assembled her guests in La Paz Guest Ranch for the festive social gathering.

Seated with the hostess were Mrs. Frank Schilling, Mrs. Guy Pinney, Mrs. A. V. Linkletter, Mrs. John Robertson Macartney, Mrs. Ted Griffith, Mrs. Merrill Crockett, Mrs. Gordon Nicholson, Horace Pender, Frank Cutler, N. F. Jones, Harrison Leussler, Carl Lykken, Henry S. Reid, Raymond Knowles, Francis Crocker, John Sprague, Claude Gottbehuet, Newton Hotchkiss, and H. L. Hansen.

2 From Village Attend Sessions

Mrs. John Sprague, president of the Palm Springs Women's club, and Mrs. Merrill Crockett were in Riverside for three days this week as delegates from the local club to the district federation meeting.

The sessions, attended by women from all over the district, were held at the Mission Inn, Tuesday, Wednesday and Thursday.

Seventy four members of the Eastern Star club of Palm Springs held their opening luncheon at the Desert Inn Tuesday.

Guests of honor were Past Grand Matrons Bertie Y. Todd of San Luis Obispo and Elsie Mae Pierce of Los Angeles. Both addressed the meeting and proved to be delightful and interesting speakers. Lloyd Simon, president of the Masonic club, and several other members from that organization, spoke at the meeting.

President Florence Murphy gave a Thanksgiving address touching on the war's end and the hope for a new era of peace and good will among men.

Eleven members from Coachella Valley Chapter, No. 360, were present. Their worthy Matron, Thelma Buck, stressed her appreciation and invited all present to attend their meeting at Coachella on Nov. 27.

Next meeting of the local O.E.S. club will be held at the Desert Inn on Dec. 11.

When the committee in charge of the Indio's three day celebration of "Frontier Days" invited members of the Los Compadres and riders of the Deep Well Ranch here to compete in some of the events they must have forgotten about the championship ability of our local citizens.

In the calf roping contest, Deep Well Ranch walked off with first, second and third prize and in the group riding event, the Los Compadres won second prize.

Jerry Mack took first place in the roping contest, tying his calf in 20 and 2/5th seconds; Seek Reed was second at 20 and 3/5th seconds and Tony Silva, third, with 20 and 4/5th seconds. Joe Butler, Ernie Andrade, and Rolly Proebstal comprised the group which won second place in the riding contest.

Hotpoint Dealer for Village Appointed

The Palm Springs Appliance Company at 207 North Palm Canyon drive has been appointed local dealer for the nationally known line of Hotpoint electric appliances. With the appointment the local company also becomes headquarters for "Your Next Kitchen Center" a plan which makes it convenient to own a complete electric kitchen on convenient terms.

In an advertisement in this issue of the Desert Sun the two young men owning the appliance company, John Chambers and J. T. Sanders, are inviting Villagers to inspect a series of 25 kitchen plans already available.

Two Fires, But Little Damage

The Palm Springs fire department answered two fire alarms this past week, both of which occurred Monday.

John A. Carlson, 326 N. Palm Canyon Drive, laid his pipe down on a studio couch in his apartment and forgot it. Returning from a trip to town, sometime later, he found his apartment full of smoke and immediately called the fire department. He also found his pipe. Prompt action of the fire department saved the couch and prevented further damages.

A brush fire at 614 N. Cahulla was also brought under control and extinguished on Monday.

Postmasters in Session Here

Postmasters of Riverside county held their quarterly meeting last Sunday, November 11, in the dining room of the Chi Chi, with Pop Gorham, local postmaster, acting as host.

Forty-one members of that association were present, with Sidney Moon, postmaster at Hemet, in charge of the meeting, which lasted from 1 to 5 p.m., including dinner. A film depicting Nazi activities in this country prior to Pearl Harbor, was shown the group by an Army recruiting officer.

The next quarterly meeting will take place in Corona on the third Sunday in January.

ANSWER REAL NEED

"This War Memorial Building" concluded Mr. Feelings, "will certainly answer a real community need, in addition to serving all veterans, by making available for conventions and other public uses, a spacious auditorium, dance floor and general place of assembly."

The first general report of progress on the campaign will be made next Tuesday evening, November 20, when a large number of new members, mostly World War II veterans, will be initiated into the local American Legion Post. The initiation ceremonies will be open to the public and are scheduled to take place at the Francis Stevens school at 8 p.m.

Change Is Made In Services at Catholic Church

The Rev. F. A. Wakenman, pastor of Our Lady of Solitude, Catholic church, announced a new schedule of services to start next Sunday at the church, to continue during the winter season.

Sunday Masses will be said at 6:30, 8:00 and 10:30 a.m. The last Mass will be followed by the Benediction of the Blessed Sacrament.

Confessions will be heard every Saturday 3:30 to 5:30 p.m., and from 7 to 8:30 p.m.

Legion Dugout Still Active in Aid to Soldiers

The war may be over — but there are still plenty of service men in town and passing through. Down at the American Legion Dugout, 107 North Palm Canyon drive, volunteer workers are still active servicing doughnuts and coffee and other refreshments to soldiers.

The same old brand of hospitality dispensed during the war is still available at the Dugout, operated by the Owen B. Coffman post of the American Legion and Auxiliary.

REDDY KILOWATT HAS FUN AT COMIC PLANT

Jack and Jerry Sutton look over comic sections for Southern California newspapers printed in San Bernardino by electrically driven color press.

No job is too big, too little or too complicated for Reddy Kilowatt! The same little button that starts these giant, four-color presses at the San Bernardino plant of the Acme Color Print Co. will also run an electric sewing machine or an electric steam shovel. And here is something to remember about electricity. Despite the fact that the price of practically everything has been constantly climbing dur-

ing recent years, the price you pay for California Electric Power Company service has always gone down. Plan to take greater advantage of low-cost electricity postwar. Whether it's something for the home, store or manufacturing plant, our consulting specialists will help you. They will not only show you know electricity can do it better, but how to do it at least cost. There is no charge or obligation.

Cathedral City

Bob is doing things in town and I have left his name off these notes until I could get it straight just what his name is. It is Robert W. Schmidt with his partner Allen Carson. First of all these young fellows have moved in after buying one of the best corners in the center of the Village. Dirt began to fly as soon as the transfer papers were signed and with material on the ground we are promised several store buildings without undue delay.

I'm not too sure whether it's an Indian or an elephant that doesn't forget, maybe it's both, and I have a little of the quality in me. When the war broke out our source of milk for the community ceased overnight. The reasons are understandable and commercial, but people who are ill, and children, were without milk. Claude Cobb who was then operating his store that is now owned by Ray Potter began driving to San Bernardino and other points to pick up a limited supply and those like our family, were cut from the list so children and ill people could have their meager supply. Then gradually milk began to flow in from a newly created dairy in the Pass country and Bob and Allen and some of their group who struggled against great odds gave us this vital food. This community should not forget.

There are so many new owners of property in our village that I must surely miss some of them but here are a few. I. M. Knopsnyder of Colton, a residential lot on the corner of Allen and D. street. Raymond K. Hamilton between John Cason's lot and John Palmer's on F. street, C. S. Cobb, two business lots on the highway west of Lavender Lane. Mrs. Mae E. Johnson and Helen M. Hill, the property formerly known as the Oasis Cafe together with the lot next west. Mr. and Mrs. Robert H. Sherrill, a residential lot next to the Egbert holdings on D. street. This is interesting as Mr. Sherrill is part owner of both the Cathedral City Development company and the Water company. Bob, we would be glad to have you build your desert home here.

Have purposely left the new postoffice out of the picture until time for moving, when it should get a write-up it deserves. However, a future event is worth mentioning and that is the intention of Frank S. Brodbeck to open a fine restaurant in the corner space of Dr. J. J. Almacey building that is moving toward completion. There is another reason for mentioning this now, for Mr. Brodbeck also purchased a residential lot just west of Knopsnyders.

With 54 children in the Cathedral City school, by far the largest number ever enrolled here, it brings to mind that part of the tax rate we are all howling about is the budget for the new school construction. This community, like many others must grow and it takes money to make it grow right. Your howl should be directed against any laxness in the spending of your money. Elect men to public office who have ability and there are a lot of them who have it and preferably young men.

An interesting couple visiting here last week was Col. and Mrs. Austin Bruff. It must have been ten years ago that a lovely lady, Mrs. Roemiho Hunt, leased a cottage here and spent the winter in our village, then she built a home in Palm Springs. While our friendship grew it included a frequent caller, Col. Bruff. Each had their growing family and it is interesting that as the romance developed and Mrs. Hunt became the Colonel's wife, their children finally married and each was a social event as both parents are prominent people. We hope this fine couple will find their way to the desert again.

E. L. Parkhurst was here this week from the Bay country. Looking for accommodations for his family either in our village or in Palm Springs. When Amos and Andy did their broadcasting from El Mirador tower, Mr. Parkhurst was the technician for the Broadcasting company and that is still his business.

It is our pleasure this week to have as our guests, my brother Sherman, and his son, Jack.

Sherman went into Alaska in 1896, which was before the discovery of gold in the Klondyke. His Jack Hillery in charge of a group of wartime purchasing agents at UCLA, was also in Africa during the campaign there as a technician of Douglas Aircraft.

Mention was made in this column of the sale of the Chet Mero property and this week we met the new owner, Mrs. George W. Collins. (My wife says it should be spelled, Collin, so we will apologize later if necessary). Mrs. Mero introduced Mrs. Collins. We are glad to meet the new comers and we regret the Meros are leaving our village and hope at a later time they will return to Cathedral City.

From Estes Park came Mrs. K. Stoner and her brother, Abraham, and they have taken the just acquired Johnson & Hill building for a market. More about this when we have additional information.

Had just closed these notes when I learned that Walter Colglazier had arrived in the Village. Needless to say, his wife, Harriet, and his parents, Mr. and Mrs. H. E. Colglazier, grandparents, Mr. and Mrs. Walter Strong, are all elated; then there is his aunt and uncle Charles Crucleton, and in addition to the people of Cathedral City the alumni of Palm Springs High school of which Walter is also one, are glad to welcome him home. Throughout the war Walter has been in the C Bees and has served in Alaska, Hawaiian Islands and has just returned from Japan area.

The Victory Loan drive found many in Cathedral City helping out in the quota and the sale of E bonds is booming. Sales this week totaled \$927.50. Buyers were Willard and Mary Price, David and Goldie Diamond, John and Eunice Read, Clifford S. and Miss Shirley Allred.

Several from Cathedral City appeared at a state board of equalization hearing at Riverside last week when protests were heard against granting a liquor license for the Totem Pole cafe. No decision will be available from the state board for some weeks. While the protests were filed along general lines to keep the Village a strictly residential spot, the Knotty Pine was not involved in the hearing as stated two weeks ago.

RED CROSS NOTES

The Cathedral City unit of the American Red Cross is appealing for more women to sew, knit or crochet at the meeting held every Monday and Thursday afternoon from 1 to 4 p.m. in the Town Hall. Although the war is over, there are afghans, face cloths and slippers to be made for the disabled veterans in hospitals now, and others returning daily to this country.

An appeal also is being made for donations of yarn of any

Cathedral City Woman's club opened its fall meeting November 14, with a breakfast held in the Hillery gardens. The hostess, Mrs. Marguerite Hillery, was assisted by Mrs. Lucy Abels, Mrs. Edna Cobb, Mrs. Marie Ide, Mrs. Fern Scott, and Mrs. Mary U. Price. The table was beautifully decorated with roses and simulated with autumn leaves for place cards. After the bountiful breakfast, Mrs. Daisy Russell presided over a short business meeting, at which time she tendered her resignation as president, which was regrettably accepted. Mrs. Lucy Abels was elected president and Mrs. Agnes Wilbor, vice-president.

A letter was read from Mrs. H. McMickle, founder of the club, expressing her appreciation for the life membership extended to her. Nine new candidates were presented for membership, as follows: Mrs. Fred E. Ahlefeld, Mrs. A. K. Dawson, Mrs. J. E. Mhoon, Mrs. James Jordan, Mrs. Clay V. Kelley, Mrs. Frank L. Greene, Mrs. A. L. Nichols, Mrs. P. B. Wright, and Mrs. Emma Hammel. Mrs. Willard Price was made an honorary member. Mrs. E. A. Witheridge was an out-of-town guest from Washington. The program chairman, Lucy Abels, outlined the year's pro-

Auxiliary Plans Big Dance Event At Rogers Ranch

Members of the American Legion Auxiliary were busy this week on plans for their Hope Chest dance, to be presented December 8 at Rogers Ranch. A handsome Hope Chest will be given as prize at the dance. The chest will be on exhibition between now and the dance at Bullocks, then Desmonds and at Lykken's department store.

Mrs. Harold Lienau is general chairman of the committee, assisted by Mrs. Dorothy Morrison, Mrs. Fern Davis, Mrs. Helen Allen.

Proceeds from the dance will go to swell the auxiliary's work for Veterans' Welfare work.

Boys in the Service

Survivor of Jap Brutality Visitor In Palm Springs

John W. Britton, survivor of the Bataan Death March, one of nine out of a company of 177, was in the Village last week end to visit his brother, Frank Britton of the city hall staff.

Following Bataan he spent four years, six months and 15 days in a Japanese prison camp near Tokyo. Scars he bears still are mute testimony to the brutal treatment the prisoners were given.

After a brief visit with his brother here he returned to an army hospital near Anaheim for further treatment.

L. E. Jay, Out of Navy, Planning to Return to Village

L. E. Jay, who remembers Palm Springs when the Palm Springs Drug, the Desert Inn, and Harry Mutasio's place were the only establishments open, is back in circulation after four years and 16 days in the U. S. navy.

A painting contractor while here before going into the service, he was with the floating dry docks of the navy on the South Pacific, doing a lot of painting on the big battlewagons, cruisers and on down to the landing craft, erasing the marks of Jap fire. He was in charge of all ship's painting in the area.

At present the Jays are in Long Beach but will be here to make their home, in two weeks. Mr. Jay has property here and plans to build a home.

He also plans to take up his painting and decorating business where he left off in 1940 when he went into war work only to join the navy in February of the next year. He first came to Palm Springs in 1922. He directed the painting and decoration of many of the leading hotels and business buildings here.

Dr. Paddock at Camp Robinson

Second Lt. DeLynn Paddock, son of Mrs. Thelma Miller of Palm Springs, has been assigned to Camp Robinson, Ark. He was in the southland on a brief visit last week.

Lt. Paddock entered the army as a private in April, 1944. He was stationed at Camp Roberts and from there was sent to officers' school at Fort Benning. He was commissioned on October 30 of this year following which he came west for a furlough before going to the Arkansas post.

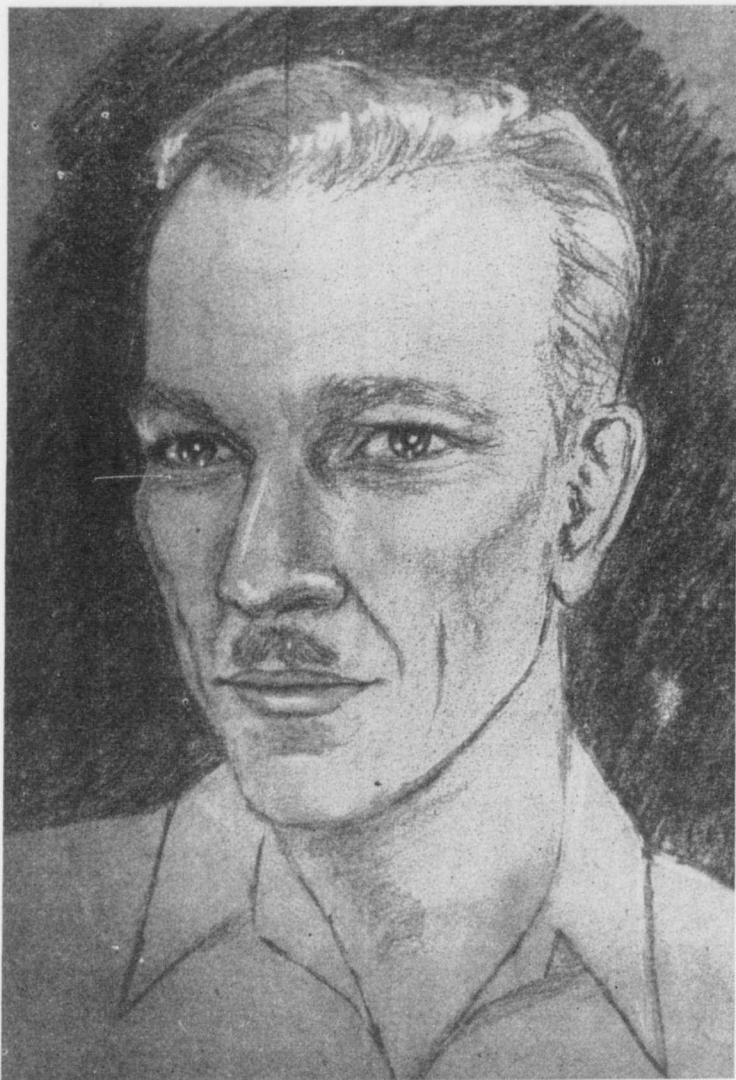

He's Planning To Be Villager

Two years at Torney General hospital before going overseas convinced Archie R. Priddy, U. S. Army, that there's no place like Palm Springs. He's now in France, awaiting transportation home.

"Enjoy the Desert Sun very much over here, but hope to get back to Palm Springs to enjoy the other sun along with The Sun."

"Although I wasn't a resident of Palm Springs when I went into the Army, I certainly am going to be after I get out. Two years at the ex-Hotel Mirador (Torney) convinced me of that."

Mr. and Mrs. R. D. Merrill of Riverside have returned to the Village for the season, reopening their home at 791 Calle de Marcus.

EVEN AHEAD OF THE FIRST—T. W. Adkinson, member of the Under-Water Demolition Teams, who was on Jap-held islands even before the first wave or assault troops. In fact, he photographed them coming in. From a sketch by Alice Robare, photographed by Doc Waughop.

Man Who Helped Erect Welcoming Signs for Marines Landing on Jap Islands, Is Visitor in Palm Springs

In Palm Springs last week to rest and recuperate after being with one of the most secret and dangerous branches of the U. S. navy was T. W. Adkinson, camera man, first class, who was among the very first Americans to land on many of the Jap-held Pacific islands.

In fact, he was so far ahead that on one occasion he hid in the brush on a Pacific island 11 days waiting to photograph the first landing of amphibious troops—from the shore.

MEMBER OF UDT

Adkinson was a member of the little known Under Water Demolition squad which went to war in bathing trunks, armed with high explosives and a knife. The knife wasn't used for killing; it was used to cut fuses for the charges set to blow up the obstacles the Japs had placed in the water to stem American landings.

Adkinson came to Palm Springs to the McKinney Trailer camp to rest after his discharge at San Pedro from the navy. Of slight build, Adkinson said most members of the UDT were small fellows, picked for their endurance and courage rather than for brawn. They went in before the invasion forces and blew up in a cascade of coral, debris and spray, in a few seconds, the underwater obstacles the Japs had slaved over for months to perfect.

Adkinson has many remarkable pictures taken of the UDT in action. He also has some marvelous pictures of U. S. troops crashing ashore through blown up obstacles. For he took his official camera ashore with him ahead of the advance forces hid on the beach taking pictures of the land-

ings and of the Japanese defense actions.

The training given the UDT's was the most rigid in the service. They had to start from scratch. There had been nothing in previous wars or in this war until Sicily. But it was in the many island invasions in the Pacific that the UDT really came into its own.

The units were trained in Hawaii and the camps were kept as deep a secret as the atom bomb plants.

WELCOME MAT OUT

On one occasion, Adkinson related, when the marines swarmed ashore on a Japanese island, they found a welcome sign erected by the UDT's, who stole into the island a day or so before.

Adkinson is glad to be back in the states and resting. Being a part of the wave that preceded the first wave, was strenuous, he said.

After a brief stay here he plans to go east with his trailer and his dog.

The dog, by the way, nothing special as dogs go, was ashore on several Jap islands even before the Devil-Dogs were.

19, Not 50, Says Dalzell, Survivor Of Many Sea Fights

Roderick W. Dalzell, U. S. N., seaman first class, is in town on a 30-day leave before rejoining the U.S.S. Vicksburg at San Pedro.

He said the story sent out by the navy's public relations officer that he is the survivor of 50 engagements while aboard the U.S.S. Chicago is "slightly exaggerated".

"There were only 19," he said.

Dalzell was aboard the Chicago when she took seven torpedoes and went down. He was in the water a half hour before being picked up by rescue craft.

He also saw action on the U.S. S. Oakland where he was transferred after the Chicago was lost. Seaman Dalzell is soaking up as much sunshine as he can before reporting back for sea duty. He is the son of Mrs. Ellen A. Bernard of Palm Springs.

Police Launch Drive Against Undesirables

A vice campaign to rid the Village of undesirable characters was launched this last week by Police Chief August G. Kettmann. This drive was brought about by the influx of labor strikers in other cities by the reported high wages and scarcity of labor in Palm Springs, the chief declared.

So far the dragnet has netted nine women, two of which were tried in Judge Guy Pinney's city court and given a choice of serving 90 days upon their conviction on vagrancy charges or leaving town. The sentence of the court was suspended when these two chose to leave the community. The other seven apprehended by the police left the city voluntarily when threatened with vagrancy charges.

Night spots in the city were alerted against serving liquor to minors, the chief said, not because of any reported violations, but in cooperation with the state enforcement act.

Lt. Weatherall Is Home On Leave

1st Lt. D. C. Weatherall of the army engineers arrived home last week from Okinawa on a 45-day leave after which he will report to Fort Lewis, Wash. He enlisted in January, 1941, and had his first assignment on the Alcan highway. After receiving his commission at Fort Belvoir he went overseas in the Pacific theater and saw considerable action. He was among the first line assault troops to land at Kwajalein, Leyte and Okinawa and wears an arrowhead and five battle stars on his Asiatic-Pacific ribbon, two stars on his Philippine Liberation ribbon. He is the son of Rev. B. B. and Mrs. Weatherall of 669 Camino Parocela.

Three hundred thousand pairs of canvas-top jungle boots, no longer a standard issue item, have been converted into athletic shoes for use by patients in general and convalescent Army hospitals.

Youth Center Plan Attracts Interest Of H. S. Students

By BEN CHAFFEY

Plans for a Youth Center building to be built on Belardo Road have been drawn by Architect Harry Williams, Mr. and Mrs. E. W. A. Peake, Palm Springs residents, have given \$20,000 for this building. The location for this building, which is between the entrance to the golf course and the Texaco station, is being purchased by the Welfare and Friendly Aid association.

It is expected that construction will start about the first of the year. The plans include an auditorium where dances and plays can be given. There will be a lounge room for reading magazines and books and there is a fountain for soft drinks.

When this building is completed, the high school students will have a drive to raise funds for the equipment. Ping pong tables, games, furniture and so forth, will be installed through their efforts.

When the project is finished, high school students will be according to their own ideas; however, there will be a paid supervisor who is trained for this type of work who will be on duty at all times. Students will decide whether they want it a membership club or open to all students.

The property, where the building will be built, is 150 feet along Belardo Road by 128 feet in depth. It is a very fine location, being in the middle of town. The property was purchased for \$75,000.

Mr. and Mrs. Peake, who are giving the money for the building, are doing a great service for the Palm Springs younger set. The center should be in operation in February.

Weekly Meetings

WEEKLY MEETINGS SENIOR CLASS

The senior class held a meeting Wednesday, November 7, during activity period. The meeting was in room nine and was opened by the senior class president, John Klug. Paul Benson and Jarvis Earl addressed the chair and asked for a vote on who would take the senior class pictures. At the previous meeting Earl Love was voted to take the pictures but at Wednesday's meeting Bernard of Hollywood was voted after Paul and Jarvis displayed some of his work.

The tribe meeting was held November 12 on the campus lawn to plan for the Father, Son "get together" to be held the last week of November or the first two weeks of December. Committees were chosen for the activities to be featured. There will be wrestling, movies and other activities. Taken up also at the meeting was the replacement of Keeper of the Wampus. Bob Hoover was selected to replace Les Wogberg. There was a discussion of the general plans for the coming season's basketball.

Sadie Hawkins Day Program Has All Interested

Each an' everbuddy all cummed in costume fer a big dancin' part throwed at the skool here on Fryday nite o' November 9 a-celebratin' Sadie Hawkins Day, you all.

Dancin' was tak some of thet typical hill-billy five produced by sech hill-billies as Beanie Goodman, Tom Dorsey, an' "Hot-Rock" McShort an' his cuffed slinkers all on the record-in' machine, you all.

Them thar junyurs put on the dance complete with refreshments sech as gold cake and cocoa cola. Marilyn Crockett was messstress of caremonies doin' a zippy job o' screamin' above all the comotion, you all.

One novility dance was a shoo dance, shoo 'nuff, yak, yak, yak. Each male tooked off one shoo an' throwed it inter the middle o' the floor. The fumation was tarryball whist all the curis banged there heads on the floor tuh grab a shoo. 'Twas pitiful but original anyhowsever, you all.

So then everbuddy went a-bouncin' agin an' purty soon all gurls lined up to shoo off'n there costumes. The boys did too, an' as a result, Julie Martineau was chosen as Sadie an' Jim Searles as Hawkins for there zootie costumes, you all.

'Twas indeed a glorified ocazhun. 'Twas fer shur, you all.

Correction Is Made By Paper's Staff

Last week a list of students was published who had the honor of having a "B" average or better during the first grading period of the 1945-1946 school year. The staff of this paper would live to make a correction and an addition. Barbara Jones had a "B" or better average and not Bob Jones and to be added to the list is Jack Pendy.

Annoyed because he was still waiting some months after placing a big order, a retailer wired his manufacturer, "Please cancel my order immediately." Back came the answer, "Regret cannot cancel immediately. You will have to take your turn."

Benson's Toe Gives Indians First Victory Over Beaumont High in 8 Years of Play; P. S. Wins, 13 to 12

By MORT ALGAE

Who said this world had only 7 wonders? We are about to present the eighth, not only a wonder but an amazement as well. Palm Springs High School's football eleven who after 8 years of total submission under the paw of Beaumont's Cougar finally revolted and threw the "Cats" 13-12. 'Twas a great day for the Red-men indeed.

A small home crowd saw the Indians score once in the first period and again in the fourth, while the "Cougs" in the other two stanzas trailing theirs. It was Benson's kick, although made after the first period touchdown, that gave the one point edge and the game.

HOLD THE EDGE

Either team held the mastery of the field in the period in which it scored. In the first quarter it was Palm Springs all the way, passing, running, punting and tackling. The first period pass offense was especially good. Starting at their own 14, the Indians worked the ball unrelenting up the field, yard by yard, to Beaumont's 30 on four first downs where Jurado heaved one to Peterson on the left sidelines for the score.

The second quarter saw Beaumont go to work. Machek broke out in the clear and took a 20 yard toss from Lozano over the goal, but the point was missed when Lozano attempted a line plunge. Again in the third, starting off with Beaumont retrieving their own punt on Palm Springs fumble, Lozano tossed 30 yards to Roberts, a tackle, being eligible on the play, bringing the ball from midfield. The Cougars gained 12 more on foot, and from there the 8 yard line Lozano threw another payoff pass, this time to Harrison. Robert's kick was wide. Palm Springs' other score came when co-captain Joe

Brummitt broke through the Cougar's wall to block a kick from behind their own goal. By falling on the ball, Brummitt automatically scored 6 points for the Indians. Benson's kick this time was low and with only several minutes of playing time remaining, Palm Springs managed to hold Beaumont from scoring again, thus getting a 13-12 edge.

DO THE WORK

Looking compositely at the various departments; passing, Lozano and Jurado of the two respective teams did all the work. Lozano found more receivers but Jurano's arm was responsible for longer gains. Punting: Moseley for the Indians, inconsistently however, sent off several 50 and 60 net gain boots. Beaumont could not even kick up dust. Running: probably to Beaumont. Blocking: all Beaumont. Palm Springs has no inference whatsoever. Palm Springs played the better defensive ball.

In the history of P.S.H.S., this game will no doubt go down as a milestone. Everybody went wild, practically nuts. It went pretty hard for Beaumont who came down with intentions of cleaning the "Resort" a second time this year. Even if we can't take the league this year, there is no little satisfaction in at least taking the "big rival." Let's hope for the same at Beaumont today.

The Teacher of the Week

By LEE COX

This week may we introduce a new member of the faculty, born in Portland, Oregon.

She was graduated from the University of Oregon. There she owned a circulating library and also organized and managed a public health and medical reading room, for the Oregon State Medical Society.

She has a Master's Degree from the Washington University in St. Louis, Missouri.

She is also a veteran medical worker, having worked with the Red Cross at Browke General Hospital in Port Sam Houston, Texas, and as a Medical Social Worker at the Riverview Hospital in Port Sam Houston. She continued her medical work in San Antonio, Texas, where she worked with the United States Public Health Service.

May we introduce as the P.S.H.S. new library teacher, Mrs. Mary Peterson.

Dogpatch Fashions

By CONI TILGHMAN

Fashions were set for Dogpatch Daisy Maes and Lil' Abner at the annual Sadie Hawkins Dance last Friday. All creations were of the same style, but all had some 'a' ion.

Julie Martineau was judged the most typical Daisy Mae in her short, tattered black skirt and white blouse with large red polka dots. Her hair was in a single long braid with a large red bow.

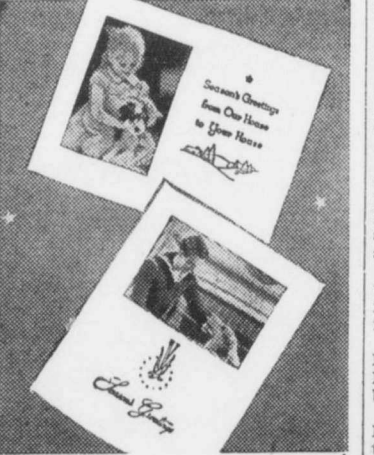

The costume believed best for the boys was worn by Jim "Hairless Joe" Searls and not a Lil' Abner. His gunny sack and large mop hair were very effective. The sign on his back stating Palm Springs 13, Beaumont 12, brought us back from Dogpatch to Palm Springs.

Others of the fashion setters were Marlene Slocum in a purple figured dress with a large bow of the same material in her hair, and Betty Ann Lilley, who wore a black skirt, off the shoulder blouse and carried a bear trap.

Tommy Luke was dressed as "Marryin' Sam" and Bob Hoover represented Lil' Abner in his tattered levis, as did many other boys.

C. J. Lyter wore a lavender skirt and blonde and Marilyn Ellsworth looked very cute in her dark, short skirt and flowered blouse. Ann St. Clair was very Daisy Maeish in her little black skirt and blouse. Shirley Renville was outstanding, too, in her black and white outfit.

Much enthusiasm was shown this Sadie Hawkins' Day in keeping with all the Sadie Hawkins days in past years.

November Ninth!!! Unforgettable date!!

That glorious victory over Beaumont which broke an eight-year jinx plus the Sadie Hawkins dance added up to make November 9 a date which we'll all remember for quite a while. And don't forget our long-awaited finally-fulfilled snake dance. Though we may have been lacking in experience in performing the serpentine ritual, there certainly was plenty of enthusiasm and spirit put into it. So much so that people's voices felt the effects long afterward. The whole deal was surely worth the hoarse bronchial tubes received by so many of our patriotic inmates. The fellows out on the field said they could hear us, too... at last!

The gals really went all the way on the Sadie Hawkins' theme Friday night and sure dragged the guys in! The main feature of the dance was "Marryin' Sam" alias Tommy Lukes, who for a slight fee (ten cents) would add to get some couples "hitched". Taking advantage of getting a real good weddin' for such a nominal sum, we noticed Dick and Malsie, Betty Ann and Sailor Bob Hann.

Everybody was typically "dogpatch" with Julie Martineau and Jimmy "Hairless Joe" Searls won the titles of queen and king of the dogpatchers! Betty Ann, with her bear trap, Barbara Croft, and St. Claire were close runners-up on the girls side while Ed Wills and Tommy Lukes scored hits with their regalia.

Among the countless number of couples present were Marilyn Ellsworth and Billy Carey, Imogene and Whitey, Julie and Wilson, and those steadies, Ann St. Claire and Bob Hoover. Though Delorse and Bobby were on a date, they couldn't bring themselves to come in.

More couples were Barbara Croft and Tom Archer, Mary Jo Grafe and Ed Wills, Marilyn and Barry Miller, Cherrie and Harry Hanbury, Phyllis and Jimmy, Duicy and Tom Griffith.

To mention still more, Gary Howard and Janie Sponslor, Hazel and Bernie, Mari Ann and Donnie Du Bose, Coni and the pride of several sophomores, "K.K." and Nancy Nye and Bob Higgins.

We were in for a happy surprise when Dick and Patty Hine dropped in while here for the week-end looking better than ever.

Several alumni were noticed too, Barbara Inman, Jo King, Smitty, and Bobby Bel who is here to stay after being discharged recently.

Saturday night saw a big party at Hoover's given for the football in particular and the whole student body in general. The drums were one of the main attractions with everybody beating it out at a furious rate.

Bob Dart left for New York Tuesday for a couple of weeks. And we have a new freshman added to our ranks, Marlene Krower, cute too.

Well, kids, I'll be pekin' out at you from behind my eight-ball until next week.

'Til then, I wish there were four more hours in a day.

73 Merits Earned By Students for Outstanding Work

By HERB MENNELL

73! 73! That's the number of merits earned by the students of Palm Springs High School to date. Merits have been given for helpfulness, contribution to school paper, donations of bottles for the gift from Torney General Hospital and extra hours spent on the Smoke Tree Dance given the first of this year.

Seventeen students received merits for helpfulness. Those who received one merit were Tom Archer, Carol Burket, Marilyn Crockett, Carol Hainner, Harry Hanbury, Imogene Hudi-burg, Herb Mennell, Jeanne Miller, Marilyn Miller, Marykatheryn Mills, Dagne Nordholm, Jack Reis, Max Rosenfeld and Les Smith. Two students received two merits for helpfulness, Lloyd Brooks and Cherrie Mashburn. Seven students received one merit each for contributions to the school paper for the first six weeks. The following students wrote at least one article a week for the Palm Springs High School Smoke Signal: Mort Goldberg, Bernie Doyle, Cherrie Mashburn, Jack Pendry, Erica Orth, Diane Heller and Coni Tilghman.

Twenty-five merits were awarded to students for bringing bottles to get the surplus material from Torney General Hospital: Mort Algae, Ann Brummitt, Dorothy Winterton, Phyllis Renville, Betty right, Dagne Nordham, Carol Burket, Barry Miller, Carol Hainer, Barbara Croft, Noel Buise, Jim Wills, Edward Wills, Joyce Maloof, Tom Griffith, Patricia Fowler, Bill Carey, Connie Tilghman, Jay Holderman, Don Williams, Gillar Boyd, Nickie Nichols, Sandra Veano, Nancy Nye and Hortensia Ortega.

Sixteen students received merits for outstanding helpfulness at Smoke Tree Ranch party. They are Harvey Gorchester, Don Reed, Bob Higgins, Robert Hilleary, Bob Hoover, Barbara Croft, Julie Martineau, Gillar Boyd, Don Williams, John Wilson, Ralph Galzerano, Les Wogberg, Don Croshier, Joane Hurd, Vivian Gutella and Lola Collard.

Helen: "The couple next door seem very devoted. He kisses her every time they meet. Why don't you do that?"

Buddy: "I don't know her well enough."

Bernard Plans to Open Photographic School December 5

Bernard of Hollywood this week announced the opening of a School of Photography at his studio in The Plaza with himself in charge. The school will hold its first session on Wednesday, December 5.

Classes will be devoted to portraiture and outdoor subjects on special field trips. All the technical angles will be stressed, but theory will be discarded in favor of practical work.

All the facilities of Bernard's modern studio will be available to students—lighting, photographic backgrounds, darkroom and so on. Classes will be divided into beginners and advanced students. There will be afternoon and evening classes held twice weekly.

Bernard, nationally known photographer, is an experienced teacher, having spent many years in teaching photography, first for a large concern and then, on his own.

Mrs. Lilley Scott left for her home in San Diego Wednesday after a ten-day visit with her sister, Mrs. Frona A. Gill, of 300 Andreas road.

Air Strip Opened For Private Planes At Rancho Mirage

Norman Granger and Ed Stephens, two well-known local flying enthusiasts, have cleared 180 acres at Rancho Mirage for the accommodation of private and chartered planes and to establish an air park. The 3200-foot strip they have established is already in use by flyers.

Henry Gogerty is in charge of preparing the field and air park.

Mr. Granger has had 11 years of experience as a flying instructor, and has been a pilot for 12 years. He has had over 1800 hours in the air and was instructor in civilian planes for two and one-half years for the Navy. He is the son of Mrs. Clema Granger, president of the local chapter of the National Aeronautics association, who herself has had 10 years' experience as a pilot. Ed Stephens, commander of the local squadron of the Civil Air Patrol, has been connected with the activities at the local Army Air Base for the past several months.

The field is equipped for gasoline, oil and tie-down facilities for private and chartered planes. A complete service of maintenance and supplies for planes and pilots will also be maintained.

Instructions in flying will be given at the Rancho Mirage field. At present it is a dirt strip, the ideal type for students. It is planned to oil a strip later.

Mrs. W. W. Whiston and her daughter, Mrs. Frances Barlet of Desert Hot Springs, had as their guests the last week Mrs. Howard Chandler, Mrs. Everett Fuller, Mrs. Louise MacCausland, Mrs. Bert Reverie, all of Los Angeles, and Mrs. Anne Zickley of San Francisco.

From Head to Toe

By BARBARA K. SCHILLY

The Interchangeable Wardrobe . . . An Idea . . . start out with a plain black skirt . . . add a few simple blouses . . . and your winter wardrobe could very well be complete . . . economical as possible . . . and yet as smart as possible . . . clothes that would blend in with any occasion from evening to sport. A good formula and if your budget is limited . . . it might be worth a try . . . and if your budget is overflowing . . . it's still a good idea.

Now for the formula . . . which is . . . that the whole foundation of the wardrobe is one single piece . . . a plain straight cut black skirt.

So, for the evening . . . or for dressy afternoons . . . start with the skirt . . . and add a peplum blouse . . . any suitable style . . . but the peplum is necessary to take away from that skirt and blouse look and to make the combination dressy. Wear a dog-collared pearls . . . other jewelry and the result is a very sophisticated dress-up dress.

Then, for something more casual . . . to wear on a shopping tour . . . to work, or for spectator sports . . . wear the skirt again . . . but with it a black high-collared turtle neck blouse . . . dolman sleeves and a wide contrasting colored belt . . . a large pin perhaps, or any other appropriate accessories and another smart outfit is the net result.

For something a little different . . . and to make it a little more chic . . . add one more piece to the black blouse . . . a jerkin . . . this one must serve a dual purpose and be suitable to wear for dress or sport. This particular jerkin has extended shoulders . . . giving somewhat the effect of cap sleeves . . . the neck is low and the waist is pulled in by a draw string.

Wear the jerkin over the blouse to create a very smart day outfit . . . wear it alone without the blouse . . . something entirely different and good.

So far, the wardrobe consists of 4 pieces and can carry one from early morning to late evening . . . and if so desired . . . add a fifth piece . . . a long evening skirt. Wear it with the same combinations mentioned before . . . the peplum blouse . . . the turtle neck one . . . or the jerkin.

And from here . . . let your imagination take hold . . . add slacks . . . shorts . . . etc.

The pieces in this wardrobe, of course, need not necessarily be exactly as described . . . just to give an idea of what can be done . . . and for utility purposes, there is nothing that can be better than the interchangeable wardrobe.

MORE ABOUT . . .

Stolen Cars . . .

by a report from Mrs. Reed that she had personally recovered her Cadillac coupe. Such efficient police work on the case by people not trained in the business of recovering "stolen" automobiles aroused the professional curiosity of the police who would give their right eye for such skill and further investigation was necessary.

The following are the facts: Mr. Higgins taking the keys from his friend Fields, for the Oldsmobile, got into Mrs. Reed's Cadillac. And with one chance in a thousand, both cars having the same parent organization, General Motors; the keys fitted the ignition lock of the Cadillac. He parked the car, as reported at the Plaza.

After reporting the theft of her car, Mrs. Reed and friends enlisted by her in the search, found the car at the Plaza and drove it back to its proper position near her cottage at the La Siesta.

HIS CAR "STOLEN"

Mr. Higgins, wanting to return to the La Siesta found what he naturally thought at the time, the "Oldsmobile" stolen and asked for the assistance of Officer Hanum in finding it.

Finally, the question which was now assuming great perplexity, who stole whose car and how did it happen, was answered completely and finally, when Mr. Fields called to report that the Oldsmobile was still parked where he had last left it.

RECALL DRAGNET

Quite innocently he reported that Mr. Higgins had taken the wrong car by mistake. And the dragnet that the efficient police department had placed statewide on the teletype for both cars had to be recalled.

But the sale of aspirin skyrocketed.

Los Compadres on Another Ride, This Time on Cushions

They were ridin' again this past week end — the Los Compadres but thanks to the modern invention of the automobile, more than 40 members rode on spring cushioned seats with multicolored horses under the hood of their gas-buggies a short 10 miles out on highway 99 to the Three Musketeers.

Arriving at this famous inn Friday evening with ample time for plenty of dancing to the music of Clyde Smith and his band; and everybody danced, according to Wall Spalding, chow call was sounded and personally packed box lunches came into simultaneous view.

"I never saw so much chicken in my life," exclaimed Spalding, "and did it disappear!" indicating that the desert night air can sharpen the appetite of those who even ride plush covered seats as well as rocking back and forth for 10 miles in the saddle.

On Sunday, the Compadres were guests of the La Paz and during the afternoon some of the members engaged in calf roping for jack-pot prizes at the Deep Well Ranch.

ANNIVERSARY—Col. A. B. Jones and Captain Lloyd M. Samson, Torney Chaplain, exchange pleasantries at the dinner which Col. and Mrs. Jones gave one evening recently to honor the Chaplain on his natal anniversary. (Official U. S. Army Photo).

Spots . . . Before Your Eyes

By BILL RASHALL

Guests in the dining room of the Lone Palm were doubled over in stitches one night last week when Jimmie Durante and his former vaudeville partner, Clayton Jackson, went through their old routine of 20 years ago when the two trouped the country on the old Orpheum and Keith circuits.

Al Jolson is hibernating at the

Palm wistfully thinking it would be grand if the picture of his life were released on the same date as his birth. The only hitch here, in the opinion of many, is that the picture may be premiered in Manhattan amid snow and ice as compared to the warm sun in Palm Springs.

And Jolson's press agent missed the boat in hiding the Mammy singer's great affection for man's best friend, the dog. There should be a story there, I'm sure.

GILDERSLEEVE HERE

Horace Heidt and his pretty wife sat poetically listening at a table while a bourbon-inspired demagogic individual spouted about politics, business and civics while the band leader insisted he drink some more black coffee.

Wonder if Hal Perry—Mr. Gildersleeve to the radio fan—will give with his famous laugh or will he be Palm Spring(ing) away from it too during his rest period between shows.

Even "orchestra" wives can get along with each other in the peaceful surroundings of the Lone Palm. Staying at this famous hostelry without even the sound of a meow are: Mrs. Heidt, Mrs. Freddy Martin, Mrs. Henry King, Mrs. Ozzie Nelson, and Mrs. Charlie Barnett.

ZANUCK TELLS HIM

"The world didn't know where Stalin was last Tuesday, but Gregory Ratoff was at the Dunes listening to his boss, Darryl Zanuck, saying nice things about Palm Springs and of nice things to come.

"And you sold your house here this afternoon," raved Zanuck. "Yes, I know," replied Ratoff, "but I can always stay with Joe Schenck when I come to Palm Springs."

"But don't you know when the tramway is in operation, Palm Springs will be a mecca for every winter sports enthusiast in the United States? Where," continued Zanuck with pep of a real estate salesman, "will you be able to find a place where one can walk around on the desert in shorts sopping up the sun one hour and in the next hour be transported to the top of a 10,800 foot snow-covered mountain skiing? I'll tell you, there won't be another place like it in the world!"

WELL, MAYBE

"And me the best skier in the world, I mean 'she-er,'" moaned Ratoff, mopping up the last vestige of steak juice left on his plate. All through the discourse Al Wertheimer sat listening spellbound by Zanuck's torrential flow of words. "Maybe I should begin plans for another Dunes," mused Wertheimer. "Maybe."

Art Butler, the new maitre-de at Mr. Dee's, was renewing old friendships gained when he was the maitre at The Trocadero, Ciro's and the White House at Laguna Beach. His boss, Charlie

Village Collects From Licenses

Palm Springs shared in \$20,993.12 distributed in Riverside county by the state board of equalization, representing the county's half share of alcoholic beverage licenses for the first half of the year.

Palm Springs' cut in the fund was \$2,736.87, second only to that allocated Riverside.

In the entire state, \$2,079,978.97 was distributed to counties and cities.

An equal amount, after deduction of administrative expenses, went into the state's general fund.

Foy, was hosting for Phil Harris and his pretty wife, Alice Faye. While there Butler was how-de-doing with Raymond Hatton, Joan Davis and Noah Berry, Jr. "Just like old times," he remarked.

GETS HIS WISH

Louis Danziger of the Lido believes in starting nite clubbing while still young. He and the wife took Donald, five weeks old, for a visit to Latin Quarters. "He and I are going to hit every night club in town," he declared. "I've waited 20 years for a son to make the rounds with and I'm starting right now."

The new baby grand recently delivered at the Lido is being fondled with a caressing musical touch by Al Amee while his lovely wife trills to the music in her hands. Truman Bradley made a surprise visit to the Lido, just missing Tom Brenaman, M. C. of the Breakfast Club, nationally famous radio show. Naval Shore Patrolman Pat Casperino was debating the advisability of coming back to Palm Springs with his wife for a visit. His home is in Rhode Island and he is afraid that if he did come back he would never return to poor little "Rhody".

CONTINENTAL CLASS

Ray Ellebaud, Maitre D' at the Colonial House, lends an air of continental graciousness in the dining room. Born in Ostend, Belgium, of parents who were hotel operators, he has been in the same business all his life. He came to this country in 1922 and went to work in famous American hotels with the idea of learning how they were operated. This is his second season at the Colonial. As an epicurean he bemoans the scarcity of certain food items for which, in his opinion, there are no substitutes. Nevertheless, the dinner crowds jamming the dining room night after night are good testimonials of his professional touch.

Jules and Webb and his bandsters are continuing to pull songs, music and mind reading tricks out of their huge repertoire.

Radio Station to Be in Operation By Mid-December

Dick Joy, co-owner of the Palm Springs Broadcasting Company, left for New York this week on station business. He expects to be gone several weeks.

Before leaving, Joy huddled with Don McBain, his partner in the new station, and with construction now under way both expect to have the new radio station in operation in mid-December.

Joy is going east to set advertising contracts for KCMJ and while east will visit prominent radio stations throughout the country with an eye toward new ideas which can be incorporated in the Palm Springs station.

George Irwin, formerly connected with radio advertising in Hollywood, is the new station advertising manager for KCMJ and will establish Palm Springs offices in the near future.

War Bond Drive, Hospital, Given Big Shot in Arm

The Palm Springs war loan drive got a double shot in the arm this week, according to Tom Holland, chairman.

Ernest Alschuler, Chicago radio manufacturer, got back into town yesterday. He came back with a substantial check for the local drive from his Sentinel Radio corporation and himself.

Mr. Alschuler brought with him as his guest, Graham Davis of the Kellogg Institute, a hospital expert. Mr. Davis will confer with the Palm Springs Community Hospital board, Florian Boyd, chairman, on plans for the new hospital here. He is an expert on hospital planning and operation.

So the arrival of Mr. Alschuler yesterday had a double-barreled effect—it brought reinforcements to the bond drive and impetus to hospital construction.

Mrs. Alschuler arrived in the Village last week. She brought with her as guest, Mrs. Jane Arkin.

The Desert Sun—9

SECOND SECTION

At the B-Bar-H

The strains of the Varsouviana, Schottische and Virginia Reel were resounding over the sand dunes at the B-Bar-H Saturday night, when the Desert Rhythm Makers gave forth at the first of the weekly western dances staged for B-Bar-H guests. Among those tripping the light fantastic were screen star Mark Stevens and the attractive Mrs. Stevens; Owner Jay Kasler and Mrs. Kasler, and their daughter, Mrs. J. M. Stuchen of Rockford, Illinois, who is here for the winter with her son and daughter.

Plans are shaping up for another Gymkhana to be held at the B-Bar-H rodeo grounds on Sunday, November 23. Cowboys and cowgirls from the Valley will be on hand to compete for the prize money; and this event will be open to the public.

Easterners enjoying the sun during the past week include the Dave Packters, Milton Blink, Harry Lackritz, the Dave Gensburgs, Joseph and Leona Hasterlik and Mrs. H. L. Ringer, all of Chicago; the Harold and Alan Rosenthals, New York City, and Mr. and Mrs. A. J. Kalmus, Shrewsbury, New Jersey.

War Vets Rest At Pepper Tree

Two veterans of long service overseas, with their wives, were guests at the Pepper Tree over the week end.

One was Capt. John Sandbote, master of the U. S. transport Maui, who has just returned from a ten month tour in the South Pacific. With Mrs. Sandbote he spent the week here, letting the desert sun bake out the salt air.

Also here were Lt. and Mrs. Robert Logan. Lt. Logan has just returned after two years overseas duty. They were here visiting Mrs. Logan's mother, Mrs. Robert Altman of Chicago, who is spending the season at the Pepper Tree. The Logans, after a visit to their home in Providence, R. I., plan to return here in December for a month.

Also at the Pepper Tree are Mr. and Mrs. C. Anderline, owners of one of the most prominent San Francisco night spots.

from ROGERS RANCH

If, by any chance, you visited Rogers Ranch for the first time last week, and were a trifle aghast at the way the place was managed, think nothing of it. Trav had been dispossessed by two Hollywood panhandlers who had become a trifle flicker-wacky and sought the quietness of Horace Heidt's Lone Palm, only to wind up in the stables.

The new hosts were only Ed Leshin, Paramount producer, who gave us "Salty O'Rourke" among many others, and Bill Dozier, RKO executive producer. The first thing they did on taking over was to install new bartenders, forget about reservations and let a lot of folks in like Harry Camp and his son, Lt. Camp from San Francisco, Vicki Boffula, lovely movie starlet, and Saul and Miriam Schutzman from Newark.

BARS ARE DOWN

And they also let the bars down (bars like on a gate) for such hang-overs as Ed "Archie" Gardner, Bill and Eddie Goetz and Sol Lesser.

Saturday night climaxed their endeavors. First of all, Irene was garbed in an especially revealing knitted dress, which didn't smack at all of the grand western garb she handles in the Frontier shop. Then Olivia De Havilland breezed in escorted by a right part looking air force captain, Sam Spiegel moseyed in; "Red" Hershey, just out of the Army, arrived; Dick Steenberg left MCA to shift for himself and Jimmy McHugh came along, humming to himself.

From then on, anything could and did happen. Murph's food was at a premium and Claude was practically retired with so many willing bartenders around. Eventually, it ended . . . but

Lesh and Doz are saving up their shekels for another fling. They have lots of new ideas, they say, so someone had better rescue Trav. If nothing else, they'll be back to see Dorothy Gray again.

Despite all this the rides still go on. Darryl Zanuck and Gregory Ratoff have been riding herd on a bunch of youngsters every afternoon. First breakfast ride of the season was last Saturday with another one set for this week-end. Those rides are really something and if you have to be convinced, be around about 8:30 Saturday and let Mark take care of you.

AMONG OTHERS

Among the others enjoying various kinds of frivolity at Rogers during the week were Paul and Daisy Lukas, Eddie and Lola Thayer, Mrs. Charley Barnett, Mrs. Henry Dugan and Jimmy Morton.

Here we are and we almost forgot to tell you about the dances. Really going to make it this Saturday night . . . remodeled bar and lots of other surprises. Then, on Thursday night, members of the Corral club and their guests get together for an old-fashioned hoe-down.

Shucks, folks, you all know the West is an exciting place . . . and at Rogers the West still lives. And a P. S. to the fair sex: Glenn is back!!

Doing the Village

with

Moya Henderson

Old Grayback is gray again, which accounts for the brisk nights and mornings. The Chamber of Commerce has endorsed Village time which means that we'd get that extra hour of sunshine in the afternoon but then, being human, I suppose we'd complain about getting up in the dark. Here's one who's heartily in favor of such a change. It's a little difficult getting children up from an afternoon nap only to find the sun is gone and it's time to think about going to bed. As for the morning hours, mine never did switch back to standard time.

Speaking of cold weather, ask Jack Williams about it. He made the trek to Idyllwild Sunday, possibly to drain water pipes before a good freeze, and it rained, hailed, snowed and was beautiful all at the same time.

STORK IS BUSY

The stork has been so busy this past week he hasn't had time to use any individuality, so it looks like a new crop of young men for Miss Finchy in a few years. The George Dennis and Jack Darnels welcomed sons and heirs, although for a while Jack thought he had a daughter. Seems the doctor got the wrong father when he announced the birth of a girl and Jack got real busy sending telegrams, until it was discovered he was Darnel, father of a son and not Dokes or Jones as he was supposed to be.

Up at the Hollywood hospital, Dottie Gorham is surrounded with flowers and beaming at

Jack Monroe Gorham, Jr., while over at Estrella Villas, Pappy is doing some plenty tall bragging. He'll have that kid swimming two lengths of the pool before Christmas. Sure wish I could smoke cigars.

LOTS OF BIRTHDAYS

November must be a popular month to be born in, according to the birthday celebrations of the past week. Harriet Henderson was the dinner guest of Judge and Mrs. Guy Pinney at the El Morocco Saturday night. The Clarence Hydes, at an adjoining table, helped join in the chorus of greetings. Earlier in the day, Mrs. Henderson celebrated with her grandchildren, and to them fell the honor of blowing out the candles. Friday night was the occasion of a joint party for Hazel and Harold West, Esther and Alvin Weingarten, and Homer Jenkins. The bridge club honoring their natal day is composed of Josephine Sprague, the Gordon Nicholsons, Armand Turonets, Merrill Crocketts, the Jenkins, Wests and Weingartens.

GALA GATHERING

La Paz Guest Ranch opened up a big season with a gala gathering of Villagers Saturday eve. Members of the Los Compadres were the guests of Ferol and Jim Fouch on Sunday evening, and entertained residents with their repertoire of western and square dances.

If you've noticed figures gracefully bending and swinging in the Fiesta Room of the Desert Inn, it's Velez and Yolanda, with the aid of Roy Randolph, working on new steps for their forthcoming tour.

It was nip and tuck over at the golf course the other day between Jack Benny and Charlie Farrell. Never did find out who beat who. Judging by the cars parked along the fence, that sport is mighty popular these days.

AWAIT SON'S VISIT

Dr. and Mrs. Henry Reid are eagerly anticipating a visit from Harry, Jr., this week-end. Harry has a 15-day furlough, but is spending part of it in Colorado, where he is showing their palominoes from the Reid's Golden Horse Ranch in Estes Park. Ruth DuBose and Alice Hough had an interesting time shopping in town last week, but a much more interesting, and to hear tell, exciting trip home. Seems they ran out of gas a few miles past Cabazon and had a hair-raising tow to the nearest gas station. Both were mighty happy to reach home.

Speaking of the large metropolis, Santa Claus has already put in an appearance in downtown stores and Thanksgiving is just upon us. Tempis Fugit.

Getting His Numehr

A visitor had taken a room at the hotel. As he was signing the visitors' book, an insect hopped onto the page. He put down his pen and told the clerk that he could not stay there. Asked the reason, he answered pointing to the intruder. "Well, it's bad enough when these little beggars attack you in the night, but when they come to see the number of your room it's a bit too much."

DIAL PHONES FOR SAN JUAN

Dial telephone service has been installed in San Juan, Puerto Rico, at a cost of about \$2,500,000. More than 12,000 new automatic phones now are in use.

SONGSTRESS — Mildred Gibson, University of Redlands student, who delighted members of Palm Springs Woman's Club on their opening meeting of the new season.

**Lily Ponds Ends
Two Weeks Rest
at Local Hotel**

Lilly Ponds, famous coloratura
soprano, left for New York City
Thursday morning after a two-
week visit resting at the Ingleside
Inn here between appearances
with the San Francisco Opera
Company during its stay in Los
Angeles. She is scheduled to ap-
pear on the Telephone Hour over
National Broadcasting System
beginning next Monday and the
following Friday with Danny
Kay.

According to Jack Hortop, her
manager, Miss Ponds has been on
tour on the Pacific coast for the
past six weeks. During the last
two weeks of this tour she has
been spending her time resting at
the Ingleside Inn. Hortop, who
has been with her for the past
year, said she is looking forward
with great anticipation to her re-
union with her husband, Andre
Kostalnetz, next Sunday. She is
proceeding by train to the East-
ern metropolis, having boarded
it at San Bernardino.

**Leone Ellison
And Rolly Gray
Married at Yuma**

Rolly Gray, son of Earl Gray of
the Royal Palms Hotel, and op-
erator of the Rolly Room in the ho-
tel building, isn't a single man
any more.

Wednesday night at 7 o'clock,
Leone Ellison and Rolly Gray
were married at the Little Chapel
in Yuma by the Rev. Lute. Betty
Keen was the bridesmaid, and
Don, better known as Bud, Flan-
nagan, was the best man.

Merritt Smith of the Royal
Palms Rainbow Room gave the
bride away.
Others in the wedding party
were the bridegroom's father,
Earl Gray, owner of the Royal
Palms; Marilyn Gray, and Mrs.
Merritt Smith.

The wedding party returned to
the Village at 11 o'clock, and af-
ter a dinner at the Chi Chi, a re-
ception was held at the Rolly
Room.

Music for the evening was pro-
vided by Hank Johann and Shir-
ley Webb at the organ and Lou
Shurtliff and his singing violin.
A large group of friends were
present to congratulate the new-
lyweds.

**Annexation Plan Is
Studied by Council**

Request that city council and
the planning commission consider
annexation of sufficient territory
north of the Village to safeguard
the city's interest in the construc-
tion of an access highway to the
lower terminal of the proposed
aerial tramway, was presented to
city council Wednesday night.
Upon suggestion of Mayor E. E.
Therieu the matter was referred
to the committee on public works.

Letters to the Editor

Dear Phat:

I take my pen in han' tew let
you an' yourn no jist haow things
is with me an' th' ole lady out
hyar at Bonnie Bell Ranch. Waal,
Phat tew begin with every thing
is lovely an' th' goose is a hangin'
high, captin' one uv th' gotes
stepped on one uv my little rode
ilan' reds an' th' pore little feller
kicked th' bucket. I got a cupple
uv carbunkles on my rite elbow.
Ole Rancher Rolly's cattle broke
out an' almost ruint our dessert
shrubbery an' tramped daown
all our Mansa yarby th' Injun
herbs. Th' ball an' chain is bel-
lyachin' cuz I hain't raked up
th' back yard fer quite a spell,
an' I hope this finds yew-all th'
same.

But what I started out tew say,
Phat wuz 'at durned of th' more
I see uv peeples, th' better I like
dawgs. I wuz jist thinkin' 'bout
a cupple Dashounds 'at belongs
tew ole Sen. Chas. Webber an'
his ole lady. Last weak I wuz
heppin' th' Sen. git his wurk
bench fixed up, cuz th' ole buz-
zard likes tew fool 'round with
tools an' sich. His ole woman's
hobby is stones an' th' like. She's
a reggler 'rock houn'. But when
I started tew cum intew th' yard,
th' tew houn' dawgs got after me.
There names is Hans an' Grettie.
They liked tew barked there
heads off, an' ole Grettie tried
tew bite my keow-boy boots. I
guess they wuzent usta enny-
buddy but city sliker like ole
man Schmidt, an' "Packie."

But purty soon after th' tew
houn's got through smelin' roun'
my boots fer awhile they maid up
there minds tew be friendly with
me. An' naow when I show up,
they bark like hell, but I kin go
over an' wool 'em an' naow I am
one uv there friends. These two
mutts is very persnickity 'bout
there chow. Ole Packie has tew
buy top cut liver an' cook it jist
sew. When them dawgs go daoun
taoun fer a stroll with th' missus,
they 'tract lots uv attenthun cuz
Grettie is tan like an' old Hans
is blacker 'an th' ace uv spades.

One thing 'bout dawgs is 'at
they don't expect nuthin' frum a
feller 'ceptin' love an' kindness.
They hain't tryin' tew borry
munny er take a feller fer sum-
pin' like a lotta homo sapiens I
know.

Sincerely Yourn,
Th' Pa'm Springs Hillbilly.

Editor, Desert Sun:

It was most interesting to note
in the recent issue of the Desert
Sun, where two people from
Pasadena are considering pur-
chasing a lot in order to erect
housing facilities at a rental
which the ordinary working per-
son in this town can afford to
pay. In my estimation, this can't
be accomplished soon enough.

Does the village of Palm
Springs realize that without
these workers, it cannot function
and serve the hundreds of vaca-
tionists that come here to keep
business booming. Is the wait-
ress, the salesgirl, the office em-
ployee, given any thought at all
as to how she is living.

Does Palm Springs realize, too,
that these workers cannot live
comfortably because of the high
rental charged. The city is more
interested in maintaining that
so-called Palm Springs appeal.

Well, o.k., but, unless something
is done to give these workers a
house that he or she can afford
to live in compatible to the
salary received, there won't be
such a thing as appeal or any
business carried on much longer,
for these employers will not have
any employees.

So someone get on the ball, and
give the workers a chance to live
decently.

Just a Working Girl,
Palm Springs, California.

Editor, The Desert Sun:
The rapidly approaching date
for the closing of the Torney Hos-
pital and the diminishing num-
ber of military personnel at the
army base, prompts me to ex-
press through your columns, from
the church point of view, our
high appreciation of the privilege
it has been to us to have this
splendid group of men and
women in our midst for these
several years.

We recall vividly the first ar-
rivals, how they were welcomed
to our homes, invited by groups
on Thanksgiving days and other
occasions to bountiful tables, and
hospitable homes.

Also the very large numbers
who began to appear at Church
services.

The coming of the chaplains
and the hearty part they have
taken in the church services, and
the reciprocal spirit of coopera-
tion manifested between the local
churches and the chaplains.

It has all been a delightful epi-
sode in the story of Palm Springs.
Our lives have been enriched
by contact with the fine group of
officers and men and women
whom the war brought to our
village and into the circle of our
acquaintance.

Now they are scattering to the
four winds. Never to be with us
again.

Thousands of persons all over
our land have thus been made
acquainted with Palm Springs
and this part of Southern Cali-
fornia.

Except perhaps those who had
to remain through the sizzling
heat of summer, have given pub-
licity, the equivalent of which
could not have been purchased
for hundreds of thousands of dol-
lars.

One exceptional group of high
type Christian service men and
women has been the Victory Bible
class. Meeting weekly for the
study of the Bible and for Chris-
tian fellowship, this group has
enjoyed wonderful comradeship
with one another and has been
the means of bringing to Palm
Springs noted speakers for special
meetings.

Our hearty thanks and appreci-
ation to them all as we begin to
say "Bon voyage."

John Robertson Macartney.

Something to Remember When You Say "WELCOME HOME"

SOME OF OUR boys have waited years to hear those two words.

What they've endured for the sake of hearing them is more than we like to dwell upon.

But those two words, "Welcome Home!" can become just an empty phrase if you forget, for one minute, your responsibility to the man you say them to . . . and to the several million men overseas who are still yearning to come home.

What we're talking about, of course, is

your responsibility to continue buying Bonds—and holding on to the ones you already have.

Your purchase of Victory Bonds helps the man who's just come home, helps him in a very real way. For your money, in Victory Bonds, helps prevent inflation—and that, in turn, means security for him, and a better chance to get a job.

AND REMEMBER THIS: It will cost plenty of money to maintain and supply our forces

of occupation . . . to bring home the men whose period of service so richly entitles them to return . . . and to care for the sick and wounded in our Navy and Army hospitals.

No—the job isn't over. You didn't think it was, did you?

Then show that you know it isn't over! Show it to the boys who've come home—and to those who wish they could—by buying another Bond—today!

CHRISTIAN SCIENCE SOCIETY

A Branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts
Services, 271 Ocotillo Avenue, One Mile South of the Plaza
8:00 p.m., Wednesday: meeting.
11:00 a.m.: Sunday service.
9:30 a.m.: Sunday school.

Christian Science Text 'Mortals and Immortals'

Paul's declarations to the Corinthians will be the Golden Text of the Sunday Lesson—Sermon on "Mortals and Immortals" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston: "Flesh and blood cannot inherit the kingdom of God; neither doth corruption inherit incorruption." For this corruptible must put on incorruption, and this mortal must put on immortality.

"Lord, if thou hadst been here, my brother had not died," cried Martha to Jesus according to a Lesson-Sermon passage from John's Gospel. "Jesus said unto her, I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live: . . . Then they took away the stone from the place where the dead was laid. And Jesus lifted up his eyes, and said, Father, I thank thee that thou hast heard me. . . . And when he thus had spoken, he cried with a loud voice, Lazarus, come forth. And he that was dead came forth, bound hand and foot with graveclothes: . . . Jesus saith unto them, Loose him, and let him go."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "Jesus said substantially, 'He that believeth in me shall not see death.' That is, he who perceives the true idea of Life loses his belief in death. He who has the true idea of good loses all sense of evil, and by reason of this is being ushered into the undying realities of Spirit."

Third in Series Of Bible Queries Scheduled Sunday

Third in a series of Great Questions, asked in the Bible and applied to local conditions, will be presented next Sunday at Community church by Dr. J. R. Macartney, pastor. The question is "Is the Young Absolom Aged?"

"This is a question asked by every mother," said Dr. Macartney. "Are conditions in Palm Springs such as to assure their safety?"

At the 7:30 p.m. service, a picture entitled: "On Sacred Soil With the Master of Men," will be shown.

The Rev. Robert Noles, former assistant to Dr. Macartney at the Community church, is coming back to the Pacific coast and expects to be in the Village Sunday, November 25. He has completed his studies in the ministry and is now a full-fledged minister of the Gospel. He will conduct both morning and evening services at the church on that day. He is a nephew of Mr. and Mrs. Sid Noles of Palm Springs.

The regular meeting of the Christian Endeavor society will be held next Sunday evening at 5:30 o'clock.

**Annual Bazaar
Of St. Paul's
Set for Nov. 29**
Annual bazaar of the Episcopal Guild will be held Thursday, Nov. 29, at the Women's club house, beginning at 2 p.m.
Home-cooked foods and candy, all kinds of home-made apparel and toys, Christmas gifts of all types, will be offered.
Card play will begin at 2:30 p.m.
Proceeds from the bazaar will be added to the fund being built up for the new \$30,000 Parish Hall and social building, soon to be erected. A model of the Parish Hall will be exhibited. It is the work of a famous visiting sculptress, Mrs. Julia H. Mann.

Supper Gathering Attracts Many at Community Church

First in the series of church suppers was served Tuesday evening at Community church under the direction of Mrs. Violet Fowler, new president of the Community Circle.

Mrs. William H. Davis was chairman and she was ably assisted by the other officers of the Circle. Mrs. Fowler, president; Mrs. Davis, vice-president; Mrs. F. E. Russell, secretary; Mrs. John Hormel, treasurer. Mrs. George B. Davis handled the sale of tickets, which was a sell-out.

Mr. and Mrs. William Blackstone, recently returned missionaries from China, were speakers for the occasion.

Church Choirs to Attend Recital

Under direction of Mrs. Holly Lash Visel, in charge of music at Community church, members of the chapel and chancel choirs of that institution will leave, immediately following the Sunday morning services for Los Angeles, where they will attend the Beach Festival at the First Congregational church.

The concert will be presented by the assembled choirs of the Los Angeles church and the Mass in B Minor will be featured. A large number of local music enthusiasts will attend. They will have lunch en route and dinner in Los Angeles.

Bishop Stevens To Be Here in March

The Rt. Rev. Bertrand Stevens, D.D., bishop of Los Angeles, will make his annual visit to Palm Springs March 17. Confirmation classes will begin January 15 in the church office.

Rev. Hogarth At Riverside Session

The Rev. Robert M. Hogarth, vicar of St. Paul's in the Desert, Episcopal church, was in Riverside Thursday where he and the Rev. Henry Clark Smith, officially examined a candidate for the ministry.

Thanksgiving Week To Be Featured at Episcopal Church

The Thanksgiving Feast at the Episcopal church, St. Paul's in the Desert, will start Sunday morning with special emphasis on Harvest Home. The sermon topic, by the Rev. Robert M. Hogarth, vicar, will be on the Bible theme, "The Fleshpots of Egypt and Mana from Heaven."

Children of the Sunday school will bring one article of non-perishable food, such as canned fruits or vegetables, to be added to the larder of the Episcopal Home for Children in Los Angeles. Mrs. Frank Camp is chairman for the local parish in supplying articles for the home.

The Young People's Fellowship will have its own meeting at 7 p.m., with the monthly social gathering afterwards.

On Thanksgiving Day, November 22, special services begin at 10 a.m., and last one hour. The Vicar will preach on St. Paul's admonition: "In Everything, Give Thanks." The service will give wider emphasis on all of the blessings of life, Rev. Hogarth said.

Five From Village At Convocation

Five Villagers represented St. Paul's in the Desert, Episcopal church, at the Episcopal convocation of churches from Riverside and San Bernardino counties, held at All Saints church, Riverside, Monday.

Going from here were the Rev. Robert M. Hogarth, vicar, Mrs. Eber D. Kanaga, Patrick Eubanks, Mrs. John S. Hobson and Mrs. Levering Moore. Mrs. Moore, as vice-president of the convocation, presided at the meeting of the Woman's auxiliary.

Check and
Double-check

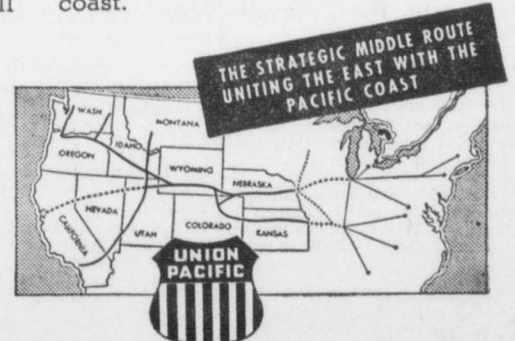

Have you ever noticed that whenever two trains pass, freight or passenger, a trainman will signal, with hand or lantern, to the trainman at the rear of the other train?

This is not merely a friendly gesture. Each man makes a careful visual inspection of the other's train while it passes. Then he signals that all is well or that he has spotted some defect.

This is just one phase of a continuous "check and double check" system. All

Union Pacific trains are thoroughly inspected before leaving terminal points . . . all station agents check each train as it passes. Even track crews, along the right of way, are alert to spot any sign of trouble.

Thus, Union Pacific trains are checked time and time again as they transport passengers and freight over the Strategic Middle Route, uniting the East with the mid-West and the Pacific coast.

Fifty New Members To Be Initiated Into Legion Nov. 20

Nearly 50 new members of the Owen Coffman post of the American Legion will be initiated in public ceremonies at Frances Stephens school next Tuesday night, the exercises to be given added interest by an address by Joseph S. Long of Riverside, past state commander of the American Legion.

The new members of the local post, most of them veterans of World War No. 2, will be initiated by a special World War II team of veterans from the Riverside post, according to Harold Lienau, commander of the Palm Springs post.

PUBLIC INVITED

An invitation to all residents of Palm Springs and the vicinity to attend the initiation was extended by the commander.

"We invite the people of the community to come out and help us extend a welcome to the men and women who have returned to us from their heroic duties in the recent war," the commander said. "We owe them a great debt of gratitude and the least we can do is to show them that we are interested in their service in an organization such as the American Legion."

The public ceremonies, to be held in the auditorium of the elementary school beginning at 8 p. m., will be preceded by a dinner at the Colonial House in honor of the visiting Riverside veterans. This dinner is open to all American Legion members and will start at 6 p. m. Reservations must be made not later than November 19 with Commander Lienau or Adjutant Jay Morrison.

Past State Commander Long of Riverside has been a leading figure in veterans' activities in the county, district and state organizations for the past 25 years. Owen Coffman post recently was given special awards in the district for membership gains.

MUSEUM NOTES

By T. D. A. Cockerell

DISCOVERY

We say that Chamisso and Eschscholtz discovered the California Poppy, Bigelow discovered the Cholla cactus, Fremont discovered the Smoke tree. We do not mean that they were the first people to see these plants, which were, of course, well known to the natives and to the Padres. What we mean is that they discovered them for science, were the means of introducing them to the system of science, whereby they find a place in the Botanical manuals and receive scientific names.

Reading about these early discoveries, we easily get the idea that everything of interest was found long ago. This is not at all the case. For example, last month Mr. Timberlake of the Citrus Experiment station at Riverside collected wild bees near Cathedral City and found four kinds which had never been described.

THEY ALL COME NEW

Even more recently Mrs. Robert Haynes found a small bat in Palm Springs, which we supposed must belong to some common species, but on sending it to the Los Angeles Museum we were astonished to learn that it was the Sierra Laguna bat, new to the United States, being hitherto known only from Lower California.

The place where a "new" species or variety was found is called the type locality. Today Mrs. Stephen Willard brought in an interesting kind of wild buckwheat, botanically called *Eriogonum plumatella* variety *jaegeri*. She got it on the way to Twenty-Nine Palms, apparently at the very place where Professor Jaeger of Riverside discovered it several years ago. But he got there first and it was his discovery.

ATTENDANCE GROWS

The attendance at the Museum has been greater than ever. On one day there were 234 visitors, crowding the little room and making us think of the need for a larger museum. Moving pictures of animal and plant life shown each day serve to interest these crowds. The recent evening programs have included pictures and a short lecture.

On November 3rd the lecture was about the cultivated trees in Palm Springs; on November 7th on butterflies; on November 10th on our mountains and their plants.

Legion Sponsoring Dog Show Slated For December 2

Under the direction of a committee headed by Vice-Commander G. K. Sanborn of the Owen Coffman post of the American Legion, plans were underway this week for Palm Springs' 1945 Dog Show, which is expected to attract more than 500 of the canine bluebloods of the west coast to the Village on December 2. This is the first show held since outbreak of war four years ago. Sponsorship of the event, which had always proven of tremendous popularity through the years it was held prior to 1941, was accepted by the American Legion post, which will start an extensive ticket-selling campaign here and in other sections of Southern California within a few days. The show will be held on the Desert Ina Mashie course.

EXPECT 500 ENTRIES

Jack Bradshaw, veteran superintendent of Southland dog shows, who will supervise the local competition, voiced the belief that his estimate of 500 dogs will be conservative, since the local event has always been extremely popular with the dog owners, many of whom will come distances of more than 500 miles to enter their royalties of dogdom.

Great assistance is being given by the American Legion committee by George Roberson of the Desert Inn, who had worked closely with the shows in previous years.

The initial showing of dogs on the day of the show is expected to be set for around 8 or 9 o'clock and the judging will occupy the remainder of the day and probably extend into the evening. Preparations are being made by the Legion committee for lighting of the three judging rings at night, and a loudspeaker system will be provided for the convenience of the exhibitors and spectators alike. Hot dogs and beverages will be served at a booth to be manned by the veterans.

Premium lists and entry blanks are to be forwarded here by Bradshaw as soon as they are available from the printer, and will be obtainable at the Chamber of Commerce offices and in local hotels. Entries must be in at least one week prior to the show. Trophies are being posted by local organizations and hotels.

Love of Life Inspires American Soldiers and Is Secret of Success On Field of Battle, Says Speaker

"I have never met one man who wanted to die for his country—and perhaps we have found in that the secret of an American's ability to fight." So declared Chaplain Thomas M. Reardon, Lieutenant Commander in the United States Navy, during his address on Armistice Day in front of the Fiesta House of the Desert Inn.

Ceremonies of the day which commemorated the close of the first World War and held under auspices of the Owen Coffman Post of the American Legion found a representative group of Palm Springs citizens in attendance, at the Fiesta House.

STIRRING APPEAL

Father Reardon, who went ashore with the first invasion of Guadalcanal was the main speaker of the day. He never left his post of duty on that island until carried off unconscious suffering from malaria.

His speech here on Armistice Day was full of stirring appeal and his words had for their background the actual battle experience of the Catholic Chaplain.

FIGHTS TO LIVE

In pointing out that he never met a man who wanted to die for his country, he explained that the American boy fights to live. "There is only one America," the Chaplain continued, "and the American boy whether he was a soldier, sailor, or marine, fights to live so that he can return to the America he loves so much."

The drive for funds with which to erect a Palm Springs War Memorial was lauded by the Chaplain in his address. He said that the returning veteran of this community would be seeking a place where he could meet other veterans. He added that such a building would be a living memorial of a grateful people to the veterans of this war.

MANY PARTICIPATING

The Chaplain was introduced by Captain Reynolds Hayden, who accompanied Father Reardon to Palm Springs from the naval hospital at Yosemite National Park.

Others who participated in the ceremonies were Commander Harold Lienau, Reverend J. B. Macartney and Father Robert M. Hogarth who made the invocation and benediction respectively. Violet Fowler, Holly L. Visel rendered several songs. Patricia Fowler unveiled the Palm Springs honor roll listing the names of 389 men and women who served in the war just closed.

Cigar Shortage Looms as Dennis Welcomes Son

It's a good thing that the scarcity in cigars is ended.

Otherwise George Dennis, local restaurant man, would have really been stymied.

For Monday he was running around town with several boxes of cigars, handing them out in fistfuls, to his friends.

George became a papa Sunday. Over at the Casitas hospital in Indio at 9 a.m., November 11, wife Polly presented him with a seven and one-quarter pound boy. Both Mrs. Dennis and William Leon, that's the boy's name, are doing fine. Mr. Dennis is expected to recover soon.

The boy's name is a combination of the first name of his two grand-dads.

Mr. Gorham underwent delicate eye surgery which was highly successful.

Special Service Thanksgiving At Village Church

Special services of Thanksgiving will be held at the Community church next Thursday morning at 10 o'clock, Dr. J. R. Macartney, minister, said today.

"The program will be brief and to the point," Dr. Macartney said.

"The public is invited to attend."

"Perhaps never before has there been a greater occasion for Thanksgiving to Almighty God."

Wall Spaldings Are Hosts to Visitors

Mr and Mrs. M. J. Wall of Los Angeles and Mr. and Mrs. Herb Lilly of Whittier were week-end guests at the home of Mr. and Mrs. Wall Spalding. The guests who arrived last Friday evening were personally conducted on a tour of the Village and visited nearly every gay spot in the town.

"Been fishing, haven't you? Catch anything?"

"Yes, indeed, caught the 8:30 there and the 6:10 back. Got caught in a storm, caught a cold and, boy, will I catch it when I get home!"—Impressions.

Turtle Racing Event Planned

Now comes turtle racing.

Stewart Gear, who is behind most of the civic events at the town of Joshua Tree, 40 miles north of Palm Springs, is arranging an annual turtle race to be held each year with local businessmen entering their pet shell-back "speed kings" in an annual "National Tortoise Sweepstakes," open to all comers. Big desert turtles are indigenous to the surrounding desert. Gear has set March 1 as date of the big event. His own turtle, "Man O War," which measures ten inches in diameter, has been installed as an early favorite. Gear claims it can do the 100 yard dash in three hours flat.
